# The Car Show & Cruise Guide Issue #35

## A Message from Dave

### Lead by example.....

Recently the **Pistons Street Rods** learned that due to an impending sale of the property in Churchville that the **BIG-M Bash** was to be held on, the show will have to be moved. As we were going to press the club had to find a new venue for the show, so the **Cooptown Show Grounds** in Jarrettsville will be this year's location. Everything about the show such as Top 50 Trophies, Music, Vendors, Food, Prizes will remain the same. The **Big-M Reunion** was held at this location for two years. The club invites all of you to just come out and enjoy the day. See ad on page 17 for more details

By the time you read this, **The Foundation's** first show will be history. The directors appreciate the support we have from the classic car community, and encourage every reader of this publication to take the time to find out what we do, and why we do it. The website of the **Custom & Classic Car Educational Foundation** says it all: [www.SavetheHobby.org](http://www.SavetheHobby.org)

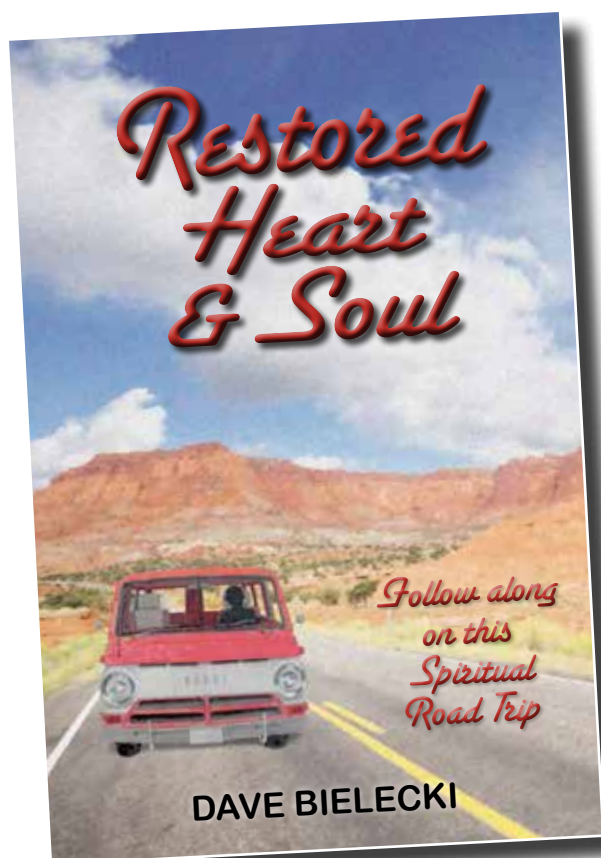

Last winter I found out something about myself- I'm an author- I really never had the desire to be

one, just had a story to tell. My first book will be released soon, and you can check out my progress at:

[www.restoredheartandsoul.com](http://www.restoredheartandsoul.com)

Folks, all I ever asked of you through the past six years is to support the advertisers of this magazine. I now have a new request: Please buy my book!!! It will be available at the normal places like **Amazon**, but my hope is you will purchase it off the site, where I am able to donate a higher percentage of the proceeds to the Foundation. For those of you that are looking for a book to read that includes classic cars- you found it. If you don't like to read, **Restored Heart & Soul** will make a nice gift. I know that all of you missed at least one show this year due to the weather, and might have a few extra bucks in your pocket. Please help me out by purchasing this book. I have put my Heart & Soul into this FREE publication for years, so now I would appreciate having your support to make my first book a success as well.

Happy Cruising, Dave

## Supporting the future of our hobby.

and our great country.

## Beers 'N Gears May 14th

Delaware Park Beers & Gears was a big success thanks to Delaware Park and all who showed up this year. There was just over 500 vehicles in attendance, and we had a great time, even though a chance of rain cut it a little short. Let our sponsors know you saw them at Beers & Gears! See you next year on October 22nd. - TRISAW Events. -photos by Bill Ross

# Road Trip!

by Brian & Maria Dickoff

## Our Trip to Rhinebeck, NY Goodguys

**24th**  
East Coast Nationals -  
Cool Cars,  
Cool People,  
& Good Times

Held on June 10-12, 2016 at the Dutchess County Fairgrounds, Rhinebeck, NY, this great three day event had something for every car nut – attendees could check out over 1,500 Rods, Customs, Classics, Muscle Cars and Trucks. If you were looking for parts, you could check out the Huge Vendor Midway, or the Swap Meet. There was also an Indoor car show to top off the event! Do yourself a favor a take your classic vehicle on a Road Trip to a Goodguys event. They're all class. And you won't find a more beautiful collection of road machines anywhere.

# Foundation Update

Hey Gang...As I write this, we are just 2 weeks away from our 1st annual Car Show fund raiser...hope to see you all there. This month I want you to hear from the recipient of our scholarship Jordan Shara. So I'm taking the back seat. See you on the return road!!

- Doug

I would like to thank the C.C.C.E.F. for awarding me the scholarship to go to McPherson College to participate in their summer institute. My trip to Kansas was truly unforgettable. I saw more rare and desirable cars in that one week, than I have in my whole life. I even got to drive a 1930 Nash four door sedan. If you're a car guy, you will feel truly at home. I met many other enthusiasts from all over the country and no matter where they were from, or what they knew or didn't know, we could all relate to one another through our love of cars.

I elected to do the upholstery classes and I learned how an industrial sewing machine functions and how to do various types

of automotive seams such as blind, single reinforced, and French seams. Other classes included drive line rebuilding, engine rebuilding, paint, and metal shop. They even had a motorcycle shop. After classes ended, the administration had planned field trips to go to car shows, or to visit some private local collections. I got to drive the '30 Nash at one of these private collections. If you have any desire to learn about classic cars and how to repair them, I can tell you that there is no place more comprehensive and capable of teaching you than McPherson College. Whether you're restoring a Dusenbergs SJ or a Pontiac Grand Prix SJ, McPherson has the tools and knowledge to make it possible.

- Jordan

# Getting to The POINT

with Frank Brusque

## The Vanity of The Trophy

*So far, this column is for Venting. This issue, I will let this young lady rodder from Facebook take a shot – (who will remain nameless; you know who you are). She brings to light a recent event featuring the infantile behavior of a guy who apparently takes his car way too seriously and had a meltdown 'cause he didn't win the trophy. (You, Sir, will also remain nameless because you and everybody else who was there knows who YOU are. I built my car, and I never got a trophy. Never really thought about it. The real trophy will be when it sells. Maybe we should go full PC at the carshows and do like a sissy kid's ball team and give everybody one.*

– Frank

We know the show season has just begun and you are noticeably excited, but before you explode with jubilation we'd like to stop you for a second and address an incident from last year.

Do you remember? It happened at the show where you spent most of the day glued to your folding chair positioned beside your car. You grew agitated with each passing moment you were not judged, and when it was your time you made damn sure the judges were well aware of the fifth TV screen your car had, versus your competitors one.

Yes, we're talking about that show.

The same show where upon not winning the trophy you had already awarded yourself mentally, you tried to keep your composure but the expression on your face and words muttered under breath betrayed you.

As you stomped off like a child we watched, and later when you went on a social media slandering the event, its competitors, and the 'scene' in general we watched that too.

Letting loose an onslaught of complaints and personal attacks, alongside boisterous self promotion justifying why you deserve an award, makes you look incredibly immature, especially when you do it after every event.

Do you really think show organizers want to read complaints you made while they were still at the venue cleaning up? Do you think those who accepted their awards humbly want to read about how little you think of their cars?

Yeah, we've got to tell you, as a friend all of that behavior is getting pretty tiresome. Driving from show to show as some sort of mobile shrine to yourself has blinded you to the true joys of

being a true car enthusiast.

Sure, we all love appreciation for the cars we call our own, but the rest of us have realized that building a car for ourselves is a much more valuable endeavor and that appreciation comes in ways not limited to plastic cups.

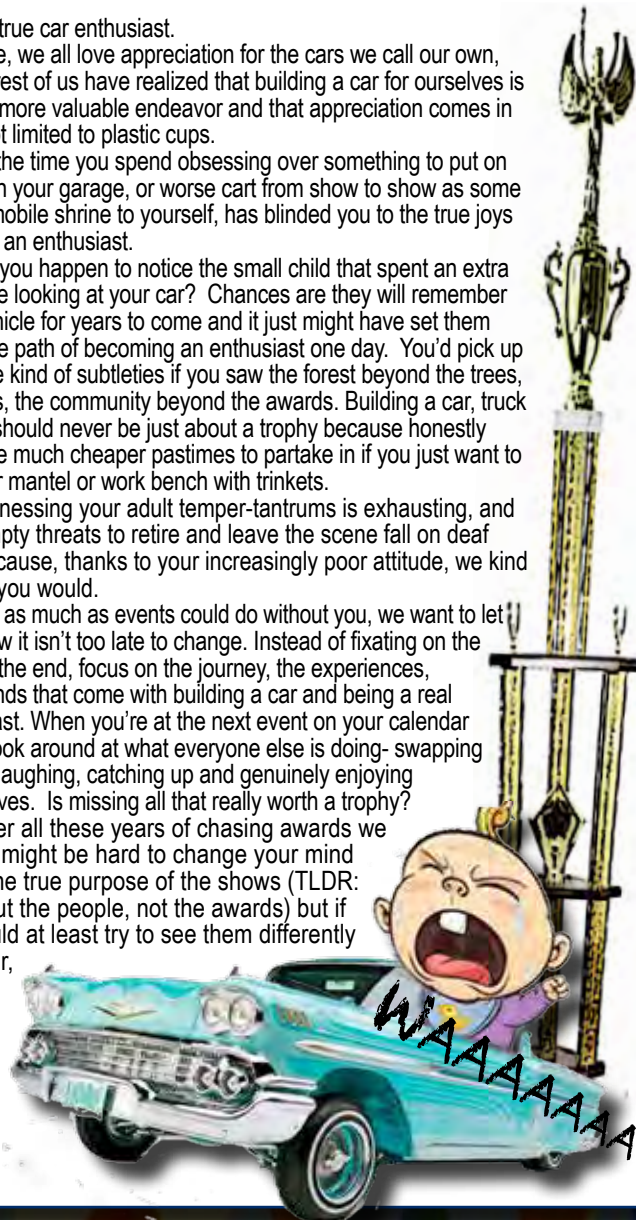

All the time you spend obsessing over something to put on a shelf in your garage, or worse cart from show to show as some sort of mobile shrine to yourself, has blinded you to the true joys of being an enthusiast.

Did you happen to notice the small child that spent an extra long time looking at your car? Chances are they will remember your vehicle for years to come and it just might have set them down the path of becoming an enthusiast one day. You'd pick up on these kind of subtleties if you saw the forest beyond the trees, or that is, the community beyond the awards. Building a car, truck or bike should never be just about a trophy because honestly there are much cheaper pastimes to partake in if you just want to line your mantel or work bench with trinkets.

Witnessing your adult temper-tantrums is exhausting, and your empty threats to retire and leave the scene fall on deaf ears because, thanks to your increasingly poor attitude, we kind of wish you would.

But as much as events could do without you, we want to let you know it isn't too late to change. Instead of fixating on the prize at the end, focus on the journey, the experiences, and friends that come with building a car and being a real enthusiast. When you're at the next event on your calendar take a look around at what everyone else is doing- swapping stories, laughing, catching up and genuinely enjoying themselves. Is missing all that really worth a trophy?

After all these years of chasing awards we know it might be hard to change your mind about the true purpose of the shows (TLDR: it's about the people, not the awards) but if you could at least try to see them differently this year, that would be great.

# Karb Kings / Nomads photos by Norm Yekstat

May 28th

The Karb Kings C.C. was established in 1957 in Baltimore and now has two chapters, Central VA and NOMADS. The Karb Kings NOMADS is a traditional C.C. promoting the appreciation, salvation, restoration and hot rodding of vehicles. The brotherhood of the KKN ties the bond between man and machine sharing the hobby of hot rodding. Thanks to everyone who came to the spring show to share our appreciation of cars/motorcycles with the community and benefit the Jarrettsville VFW and Young Marines. Keep wrenchin.'- Mike

## Open House

May 30th

What's under the hood?

## Thomas C. "Tom" Van Poppel

Owner of  
Maryland Performance Specialties, Inc.

It is with great sadness that we report another huge figure from our hobby has passed. Tom Van Poppel passed away on May 21st, shortly after his annual Spring Open House and Show. We were hoping & praying that Tom would beat his long illness. Unfortunately that was not to be, and we have lost another friend of this hobby.

We all can be thankful for all the friendship, guidance, and knowledge he shared with us through the years, and the fact that son Brian worked side by side with Tom, and will carry on.

In this "Plug & Play" world we live in, it was refreshing to have someone like Tom to help guide us through problems with our classics and race cars. It is rare today with all the chain stores and online supply houses to find a businessman like Tom, who turned most of his customers into friends by guiding them through problems with their pride and joy.

Tom was one of the first people that took a chance on my new magazine seven years ago, and continued supporting the Cruise Guide to this day. Like his immediate family, his "Car" family will certainly miss him...

-Dave

## The Last Ride

On September 10th from 11:00am to 3:00pm, the Friends of Mount Bethel Cemetery will be hosting a specialty car show, "The Last Ride." For the third year, Mount Bethel will be host to scores of paranormally unique vehicles from the world of the living. Throughout the afternoon, vintage and specialty hearses, flower cars, limousines, ambulances, and other service vehicles will be on display throughout the grounds; and Mount Bethel's newly refurbished Caretakers Cottage will host visitors in its museum of vintage funeral and cemetery relics. Food and beverages, as well as raffles, a scavenger hunt, and guided tours will be available. All proceeds from this event will benefit the upkeep of Mount Bethel's historic grounds. For more information, or interested in showcasing a vehicle, contact Jane Moore at [jmoore1115@gmail.com](mailto:jmoore1115@gmail.com) or (717) 575-9760. Mount Bethel Cemetery is located at 700 Locust Street, Columbia, PA

## A Special Request from Terry Noye to help out some fellow cruisers-

Joe Bensinger and Charmaine Byers were on their way home from a car show down south, and were involved in a serious roll-over accident on I-81 near Roanoke, VA. Charmaine was ejected from their '38 Chevy sedan delivery and Joe stayed with the truck until it came to rest. Charmaine received serious injuries and Joe was banged up pretty bad.

Joe and Charmaine have been involved in the street rod scene for many years and the '38 Chevy sedan delivery was their street rod pride and joy. It was totally destroyed in the accident.

Medical bills are piling up sky-high and they need all the help they can get. A GoFundMe.com page is available for people that would like to help them with a donation.

Website address and donation information: [https://www.gofundme.com/27z5tkc?c=expt\\_em\\_co\\_shareflow\\_m\\_89\\_2&trcid=8cbf4e2c3cbf11e6a53cbc764e063e01](https://www.gofundme.com/27z5tkc?c=expt_em_co_shareflow_m_89_2&trcid=8cbf4e2c3cbf11e6a53cbc764e063e01)

## Tri-County Cruisers

Members of the Tri-County Cruisers won recognition at the Maryland Veterans Memorial Museum (MVMM) Car and Bike Event 2016 winning in the Top 60 category: Paul Harris – '70 Cord Convertible, Tony Hall – '84 El Camino, and Ron Weaver – '62 Cadillac. Mike Tompkins – '69 Camaro and was also presented a trophy in memory of Jeep, the Jeep Monachino, Jr. Memorial Award:

Jeep Memorial Award Awarded to Mike Tompkins Presented by East Coast Prostreets, for your dedicated support to the Hot Rod Community. All proceeds from this event went to the Maryland Veterans Memorial Museum. Over 100 rodders participated.

Jeep Monachino died June 4th 2011. He was a talented auto painter and body man. A friend to all. A former member of the Tri-County Cruisers and other car clubs in the area. Rick Gentry and Lula Todd presented the Trophy (Jeep Memorial Award) to Mike Tompkins. Mike was a close friend of Jeep's and a rodder both in racing and street rodding.

The East Coast Prostreets Club hosted the MVMM Car show each year led by Rick Gentry and Doug Norway, Club members. The proceeds from this event went to the MVMM.

Mike Tompkins was presented the Jeep Memorial Award trophy. (Jeep Award 1 & Jeep Award 2) this tribute to Jeep was begun this year (2016)

## **Curley's Corner**

### **Curley's Top 10 Quotes**

A day without sunshine is like night.

They told me I was gullible and I believed them.

All of us could take a lesson from the weather.  
 It pays no attention to criticism.

Philosophy is a study that lets us be unhappy  
 more intelligently.

A groundless rumor often covers a lot of ground.

I wouldn't join a club that would have me as a member.

Money talks...but all mine ever says is good-bye.

To be old and wise, you must first be young and stupid.

Some people are like clouds. When they go away,  
 it's a brighter day.

My goal this weekend is to move... just enough so  
 people don't think I'm dead.

## 1959 CADILLAC CYCLONE XP-74

Indiana Museum of Art 2015

photo by Bill Ross

Harley Earl's visionary concept cars for General Motors culminated with the Cadillac Cyclone XP-74. With its bubble-top canopy, sweeping fenders, afterburner-style headlights, and fins, Earl's concept car reflects the ongoing fascination with the jet age. The Cyclone XP-74 featured proximity-sensing radar safety units (housed in the "Dagmar" front fender extensions) that scanned the road and warned the driver of obstructions. The Cyclone's bubble top retracted fully when the doors opened or closed, and it had an intercom system that allowed passengers to speak to those outside the car. Earl retired during the Cyclone's production and some features were changed, including the fins and the canopy, by the new head of GM design, Bill Mitchell. The influence of the four fins in back is evident in the production '61 and '62 Cadillacs. Though initiated as an experimental design suitable for a Motorama, the Cyclone never appeared in one. Instead it debuted at the 1959 Daytona 500.

## We Can Help Sell Your Classic, Exotic or Muscle Car- WITHOUT IT LEAVING THE GARAGE!

Most cars sell within 30 days. All of the cars which have sold did so without the buyer coming to see them- "sight unseen." Every car has left the state in which the seller was living. We offer international sales exposure, video and photography, 24/7 marketing, all the necessary sales documentation, and delivery arrangements..... all for one flat fee.

## Race of Gentlemen

by Jeanette  
& T.W. Scott

The 2016 Race of Gentlemen was a Car Show, Mechanical Wonderland, History lesson, and Period Racing all rolled into one carnival.. what an event for all ages! We participated in The Race Of Gentlemen (Aka TROG) June 3-4-5 in Wildwood, NJ. The weekend was filled with an overload of fantastic vintage motorcycles and roadsters with a 1934 and older body. Racing was set up on Sat and Sun on the beaches of Wildwood right on the beach. Vintage roadsters and motorcycles paired up and raced 1/8 mile dragstrip style runs all day long! I thought I knew and experienced hot rodding until I lived the combination of mechanical genius of backyard mechanics navigating years of the Industrial Revolution. From the first day we arrived throughout the entire weekend, we compared mechanical wonders of our roadsters and shared tools and techniques. Drivers and owners were all ages which made the event fantastic. I learned a lot of techniques on the mechanical, electrical and body aspects of the Model T & A roadsters. Another unique aspect of the event was that there were drivers & attendees from Argentina, Australia, Germany, Japan, New Zealand, Norway, Scotland, Sweden, and the UK. The Race Of Gentlemen is a must do event for any "motorized" enthusiast and a guaranteed thrill for all ages.

Car #28, "The Corn Cob Cruiser",  
straight off the farm;  
1928 Ford Model A Roadster,  
T.W. Scott

Take a look at the great videos and pics online (YouTube, Instagram as Oilerscarclub, OilersCCRaceofGentlemen on Facebook, [www.theRaceofGentlemen.com](http://www.theRaceofGentlemen.com) or Google #TROG) Feel free to see me at a car cruise or car show if you want to catch the fever and have the race of your lifetime. "It's not how fast your drive well...it's how well you drive fast...on sand!"

## Tim Glace's Jeeper's Creeper Movie Truck

It's big, it's bad and it's one of the most recognizable vehicles in horror film history. This is the truck from the 2001 film "Jeepers Creepers". The personal ride of "The Creeper", an unholy beast that stalks back roads every 23 years for 23 days looking for victims. Their fate cleverly spelled out in the vanity tag BEATINGU (Be Eating You). Built on a 1941 C.O.E flatbed, the effects team transformed this ordinary farm truck into a true Hollywood icon. This is one of three identical trucks, customized for use in the film. This particular truck was not only used in the chase scenes but boasts the only interior shot of The Creeper's traveling slaughterhouse. It has a 235 Chevy straight six with a floor mounted four speed transmission. The unique cow catcher bumper not only adds to its menacing appearance but provides added muscle to those unfortunates traveling too slow in the fast lane.

Otherwise stripped to the bone for filming, there's no power steering, no power brakes and just one accessory, the unmistakable, ear shattering horn. The current owner is Tim Glace of Elkton, MD.
