& Cruise* **Guide**

A Message from Dave

Get A Round Tuit

"I'll get around to it" Sure we all like to procrastinate at times; I'm no stranger to that. Unfortunately for me, I have deadlines to meet to get both this publication and our other one, *Upper Bay Boating* out. With two months between issues, sometimes I forget when the next deadline is coming up. For those of you that need to be reminded, the deadline is always the **15th of the month** preceding the next issue of the **Cruise Guide**. So, that means the deadline for the June issue is May 15th. Earlier is always better for sending in your listings, so please find time to get "a round Tuit" early.

I can relate to the lyrics **Frank Sinatra's** "I Did it My Way." While I didn't plan on starting over after life got in the way, I did; twice. I thank God that I did it my way, or maybe His way! I ran a decent sized landscaping company and didn't want to lower my quality and pricing to compete with the larger national firms. After selling the business 20 years ago, I worked for a few boating magazines and for the Baltimore Sun in advertising. Most days I was doing what I liked, but certain days I dreamed of returning to my roots and become my own boss again. Well, be careful what you hope for folks. Around 8 years

ago, when the economy tanked, so did my job. I found myself out of work in a poor economy that was full of age discrimination. No one was going to hire an out of work 50-something male. All I knew was landscaping and advertising. Neither career was going to work for me at the time. If I was going to work, I was going to have to do it my way.

After investing in my own start-up home magazine with mixed results, I had to re-think what might work better in a slow economy, and still be something I enjoyed. My old car-guy freinds suggested that there was a need for a local car publication because the publisher of the old *Cruise Letter* was retiring, and would no longer be publishing it.

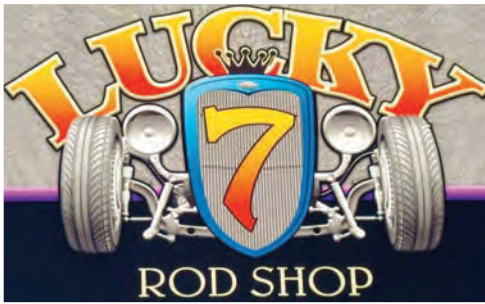

And so, I created an all-new publication, *The Car Show and Cruise Guide* to fill the void. Print is far from being a big money producer these days, with electronic media taking over. So, I took a job at a credit union for a few years to help make ends meet. I quickly found that a full-time job made it increasingly harder to produce the *Cruise Guide*. Soon after, I met **Hutch** at the **Timonium Indoor Nationals**, (who himself was in similar circumstances). He applied his considerable skills in print design to the project, and got the magazine looking like it does now, so I made him the **Editor**. The credit union job just wasn't for me, so I left to invest more time in my own business, and finally started a second magazine, *Upper Bay Boating* which has helped the bottom line. Turns out a lot of people still read magazines.

Between deadlines, I finally got a round Tuit and wrote my book, *Restored Heart & Soul*, after almost 10 years of just thinking about it. How many of us get to do what we love to do for a living? I get to hang around old cars and boats all day, while actually getting paid to do it. So folks, I can honestly say, regrets I have are few, but I did it my way... thanks to all of you, and our loyal advertisers.

Happy Cruising, Dave

It's Spring

Lucky 7 Rod Shop has moved from York to Stewartstown, near the Shrewsbury Markets Cruise. Dave, Hutch and Schappell got a garage tour on President's Day.

Among the many projects was a brand new Nissan pickup that the owner wants to look like a '60's International Scout.

The '39 Pontiac convertible below is a rare car, but we would love to see that straight 8 replaced with that injected V8.

It was just like visiting one of the shops you might find on one of the national cable TV shows. Just fantastic- thanks for the tour Gary!

-Dave

Road Trip!

by Dave

"The Road Is My Office"

Loyal reader and Friend of the Cruise Guide **Fred Farkle** captured some photos from his recent trip to California. He is an over-the-road trucker, and big-time car enthusiast. He owns a '64 Olds convertible and a hot rod Chevy II wagon. He also loves the road, and in his travels over the years, he has learned where all the car-related detours are, like car museums, Rt. 66 attractions, and the big car events. Its almost like getting paid to check out some cool rides! His trip out west in February included a tour through the pits at the Winternationals, Pomano, California.

Foundation Update

by Doug Wood

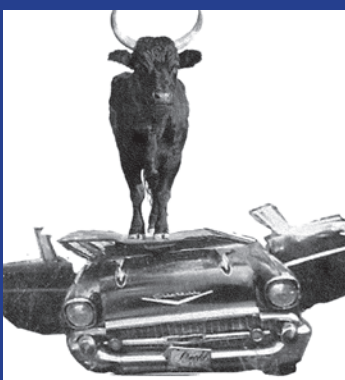

As I write this, it's about 23° and the wind is howling! I swear this February and March has been the most bizarre that I can recall. Shirt sleeves and shorts on one day and a down parka on the next... Come on warm weather, my Oldsmobile is screaming for a ride!

I have a little bone to pick though so I thought I might bother you guys! We just had to cancel our Bull and Oyster roast because of insufficient ticket sales. It's a little disappointing to know that so many of you cheered when we started to form this organization; but so few of you step up to support us when we need you. The foundation will thrive or flounder depending on the help of folks in the hobby. We need your support. Just as importantly, it is a great way to meet and/or get to know the great people in the local car clubs. At this point, I guess we need your feedback as well. Was our bull roast scheduled for a bad date, a bad time or some combination of the two? Please contact us on our website or on our Facebook page to provide your suggestions.

One other update I would like to share with you all... The foundation is sponsoring two metal workshops at Ron's Rods each year. The spring event has already passed, however you still can bring your grand-kids, your children, or just some kid in your neighborhood to this workshop in order to experience what it's like to be a metal shaper. In the next issue I will describe and a little more detail what kinds of things you and the child that you may bring along will experience. I would encourage you to seek out Ron at one of the local events. Ask him questions and maybe even ask if you can swing by the shop for a preview.

That's it for this issue folks. Can't wait to see you out at a cruise, show or race... See you on the return road!

The Bull Roast

has been
Re-scheduled for
Nov 11, 2017
at Columbus Gardens
in Nottingham, Md.
From 1 - 5 p.m.

your calendar!*

Bring Your Car!

RMJ Restorations

We met **Matt Lantz** and his team of other twenty-somethings at the **Motorama** this year. His shop in Williamsport PA turns out 5-star restorations of all types of classics. These guys are the model for our goals- getting more young people interested in these cars, and to consider a career in the art of restoring them. Their motto is:

"Saving Classics One Day At A Time."

Getting to The POINT

with Frank Brusque

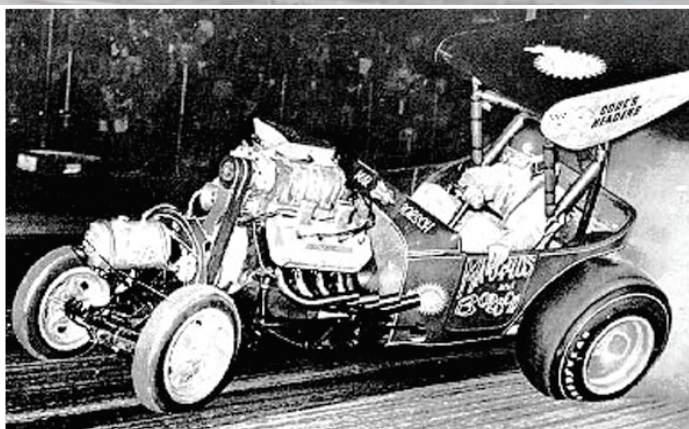

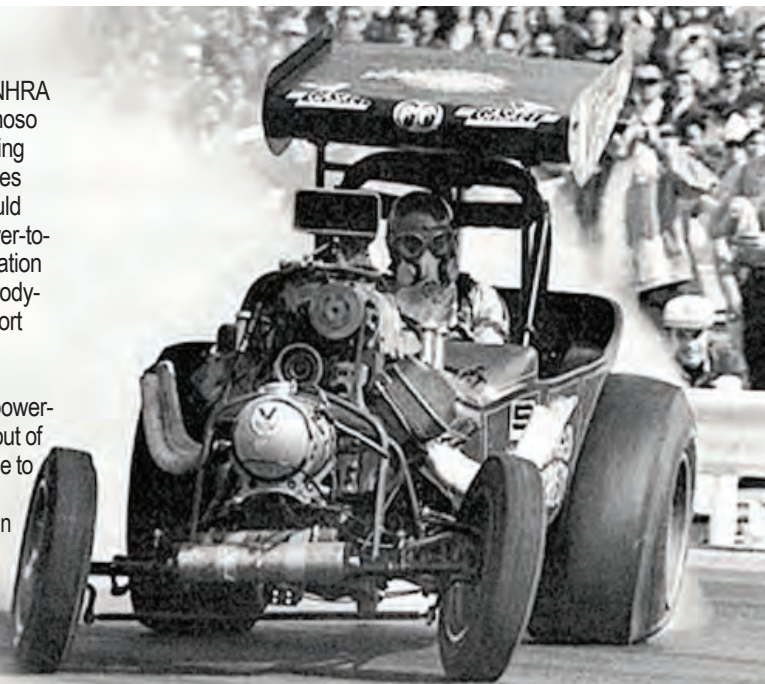

In Praise of the Fuel Altered

During hot rodding's Dark Ages, from 1957 to 1963, the NHRA sanctioned a ban on fuel racing. Only Bakersfield's Famoso and a handful of other speedways defied the ban, creating a culture that produced some of the wildest, most volatile machines in drag racing history: the mighty Fuel Altered. These things could barely get down the track in a straight line, due to the insane power-to-weight ratio. They were as scary as they looked with the combination of basically a 2000hp Top Fuel dragster engine in a light, non-aerodynamic body like a prewar Fiat, Austin or '32 Ford, all on a very short wheelbase. You know, like hot rod guys have always been doing; The Biggest Motor in the Lightest Car, forget the fenders, etc.

But this was madness. People never tired of seeing the giant, powerful screaming metal monsters that always looked likely to careen out of control. They headed for the bleachers when these contraptions came to the line. Routinely running 170-plus mph in their day, they would smoke the tires while doing a wheelie 800 to 1000 feet, or detonate in spectacular, fiery fashion, sometimes all three. If it got sideways, you drove it like a dirt tracker, or hit the wall. The guy that didn't break the motor, ruin the tires and didn't crash, won.

Who can forget this iconic, mind-blowing photo of perhaps the best known Fuel Altered of drag lore, the "Winged Express". It was driven most famously by "Wild" Willie Borsch who piloted the beast with one hand on the wheel and one on the door sill, traveling the country's dragstrips, pushing the unpredictable class of dragster into the 200mph Club. It is said that Willie was narcoleptic, sometimes nodding off in the staging lanes. Willie may have passed on nearly twenty years ago, but Al "Mousie" Marcellus, who built The Winged Express, now travels with Willie's ashes in an urn. The NHRA celebrated 50 years of The Winged Express and honored Al, so both "Mousie" and Willie were reunited with the car.

There are those within the corporate world of rodding who have always sought to kill off the ghastly things. They just terrify insurance companies. NHRA basically rendered them extinct in the '70s by putting them in the Sportsman Class – This effectively banished the Altered from TV coverage, thus, no big time sponsorship, and no money. Nostalgia runs have revived some of these special cars, but old biases persist.

Fuel Altered are a hell of a lot of fun to watch and we're lucky to have them back in any form. "The NHRA doesn't want anything to do with these crazy little cars," says Kevin Robbin, owner and driver of two classic Altered, "Panic" and "Old Raunchy."

"Soapy Sales," is another famous Altered, hiding under a Funny Car-looking roadster body. It is actually the legendary '60s AA/FA "Pure Hell" driven by Rich Guasco, who drove the car until he retired at age 79. Larry Huff drove it to a 6.99 in the second round of eliminations at Bakersfield in 2015. Many of today's AA/FAs, like Jeff Bennett's "No Mercy," are running 5s in the quarter-mile.

The fact that these cars cost as much as a fuel dragster to put together, yet don't get the track purse, tobacco money and the TV, is the coolest thing about the Altered fanatics. That, plus you really have to have some balls to drive one (properly).

They're in it for the fun.

This article was researched with the help of Autoculture.org and El Rey, Godless MF'er.

The Car As Art

How cool is this? The AACA Museum at Hershey is using a Tucker to advertise one of their current displays. Put the museum on your short list of places to visit, you'll be fascinated by the story behind this American brand. There were only 50 made; surprised they let this one get rained on.

1966 FERRARI 365P Berlinetta Speciale

Indiana Museum of Art 2015

*photo by
Bill Ross*

This car was a hit when first unveiled at the 1966 Paris Motor Show and it went on tour other major automobile shows to great acclaim in London, Brussels, Geneva and Los Angeles. Enzo Ferrari, the founder and owner of the Ferrari marque, felt that powerful mid-engine cars built for the road were too dangerous for private consumers. Sergio Pininfarina, whose company designed most Ferrari road cars, built this design study to convince Enzo otherwise. It's unique three-seat design, with a centralized steering wheel, provided high visibility for the driver and anticipated the modern McLaren F1. The curved glass window behind the passenger compartment became a feature on Ferrari production cars, as did the taillight assemblies with their triple-circular lights. A single large windshield wiper and the five-spoke alloy wheels originated on Ferrari racecars. In '66, this was a racecar on the street!

Club News

Latimore Valley 2017

This year marks the 42st Annual Gettysburg Region Antique & Classic Auto & Truck Show, & Flea Market!

The show will be held on **Saturday, June 10th at the Latimore Valley Fairgrounds**, 100 Baltimore Rd., York Springs, Pennsylvania.

The featured class for this year is military vehicles, and attendees will enjoy a special appearance by **Iron Ridge Band**. Gates open at 7:00 AM and judging starts at 11:00 AM. All are welcome to attend.

Visitors are encouraged to tour the Eastern Museum of Motor Racing museum and admission to EMMR is FREE on the day of our show.

You do not need to be an AACA membership to register, but in order to show your vehicle, enter a vehicle in the car corral, or rent a space in the flea market, you must contact us Vehicle Registration Chairman or go to our website <http://gettysburgregion.aaca.com> for a registration form Ken Buohl, 350 Latimore Rd. York Springs, PA 17372, Phone: (717) 528-4524

Our friends **Rick & Bob** at the Kent Island Cruisers breakfast. Almost 140 car nuts in attendance.

Lowes Cruise Is Gone, But...

Bad News: The Lowe's Cruise location is no longer available gathering place for local car buffs. **Good News:** A Bigger and more accessible location has opened up for area cruisers....**"THE CRUISE" AT THE BOULEVARD.** As with the last 10 years, our cruise will be from April-October from 4:00pm-9:30p. The new cruise location will be held at The Boulevard at Box Hill. Between Bostons and JC Penney (Bostons Address: 3459 Merchant Boulevard, Abingdon, MD 21009) The Cruise name will be **"THE CRUISE" AT THE BOULEVARD...** and we shall be known as **"The Boulevard Cruisers."** Contact Jeff at 410-627-0027 web address is www.theboulevardcruise.com

The Cruise Guide All-Club Breakfast

The Car Show & Cruise Guide hosted the **Annual All Clubs Breakfast** on February 25th. As always, the cooks did a wonderful job with the menu. The attendees learned about some of the initiatives in Maryland pertaining to our old cars from State Senator **Wayne Norman**. It is always great to have an automotive enthusiast in government whom can watch out for us!

Doug Wood, President of the Custom & Classic Car Educational Foundation talked about what that organization is doing to help save the hobby.

Dave Bielecki will be at the Romancing the Chrome Car Show on April 22 for a book signing. Restored Heart & Soul is getting some great reviews- get your autographed copy at the show while they last. www.restoredheartandsoul.com

Calling All Car Clubs.... This page is available to you to promote your individual club activities and gain some recognition with our readers. For years, we have opened up this FREE opportunity to you, and get very little feedback. Our next deadline is May 15th, and if we continue to see little to no interest from you, this page will be discontinued. If you want to grow your club, marketing and free publicity is what the experts will tell you to do. The ball is in your court. Dave Bielecki: 410-937-6866 davebielecki@aol.com

Karen Moretz Memorial

It is with deepest sadness that the Car Show & Cruise Guide announces the passing of long time cruiser, **Karen Moretz** on **December 12, 2016**, after fighting a devastating battle with cancer. Everyone that met Karen was enchanted by her beautiful smile, and the ones that knew her felt truly blessed by her love and friendship. She always came out with her husband Don, in their awesome **1971 Camaro SS**. Karen was the mother of cruiser/racer **Kevin Spencer**, who runs his beautiful cars at **Cecil County Dragway**. Our heartfelt sympathies to all of Karen's family and friends.

or by calling **717-684-5249**.

The maker of WD-40 lubricating spray announced it was expanding its product line to include WD-40 Aftershave after being inundated with requests from male and female, do it yourself car enthusiasts who love the smell. This would ensure that WD-40-branded products would be "not only in every shed, garage and toolbox, but now in the bedroom."

The aftershave would come in the famous blue and yellow can, and, like the standard multi-purpose product it would have a smart straw option for those who require a more precise spray.

The aftershave will reflect the typical WD-40 consumer; being tough, sensitive and relevant for a variety of occasions.

FORGET THE HOUSE!
HOW BIG IS THE
GARAGE?

Ed Roth Studios

Ray Quinn

Ray likes cool cars and bikes, especially **Cadillacs** and **Harleys**. His kids are total motorheads too, with a full-blown moto-cross track in the yard. Once a friend of the boys drunk-drove his full size truck through Ray's garage door – hard – and ruined Ray's coveted white '55 Cadillac. The garage was built back better than ever, and Ray came across an even nicer all-original '51 Coupe DeVille resting in a chicken coop. Among Ray's other toys is a '50 Buick Rocket, a big block-powered '81 Chevette, a 62 Impala, Fat Boy and an early iron head Sportster. As is the custom, the lounge is full of fun memorabilia, models, vintage toys, and Man Posters.

Man Caves

Our feature page showcasing the Gearhead's favorite building—**The Garage**. It is a revered place, where guys (and gals) who really love cars can work, or just hang out and BS with friends and experience the satisfaction you get from building and owning a cool car or two. For some, it is a home away from home. Hell, we bet some of you have more \$ in the garage than you do in your home! Show us your Man Cave. Go to www.carcruiseguide.com or email Dave Bielecki, davebielecki@aol.com 410-937-6866 (Of course, the location will not be disclosed).

The Motor Menders Beater Cruise

Usually very cold out for this show, last year we had to dodge the huge snow piles to find a spot. Not this year, the beautiful warm day drew record crowds. The weather had everyone anticipating the Mender's Friday evening cruises, were you can sometimes see over 1000 cars in this lot.

Reader's Rides

Henry Smith's 1960 Rambler American

My first car was a 1960 Rambler American Super 2-door, with the standard 196 ci flathead six engine and automatic transmission. I started looking for one like it around 2012, and I discovered this "California car" example and had shipped to Baltimore. Except for the fact that it is a different blue and it has a radio, it essentially is a copy of my first car, purchased in 1968, back when I had hair, for \$100.

I sold the first American after about five years – when the trunions gave out and the front wheel shimmy would loosen the fillings in your teeth – to the neighborhood trashman for \$25!

My wife and I had our first date in the my American, so tooling around now in the current one is quite a thrill. It has been mechanically restored and had the exterior restored by the seller in California, but Ben's Auto Glass & Upholstery on Harford Road in Parkville did a fantastic job on restoring the interior for me.

It runs perfectly, and driving a rolling couple of tons of iron with a flathead six really brings back memories of another day and time.

A curiosity about the 60 American – it was advertised as the cheapest American-made car one could buy that year.

Another curiosity: I actually own another one that's not running now, but in which my wife and I enjoyed until I found the nice California car, which is actually my third one.

Happy motoring!

Henry
