A Message from Dave

Car Show & Cruising Season Is Here To Stay, and So is the Cruise Guide

From what I've observed these first few months of the 2021 season, things are almost back to normal, and the worst things we have to worry about is which show or cruise to attend on any given weekend day. I am willing to bet that most of your favorite events are coming back soon, and we are hearing about some new ones starting up as well. 2020 was a rough year, but I'm ready to leave it in my rear view mirror. In Maryland, most of the outside restrictions have been lifted finally.

Two of my favorite cruises are starting back up after having to take a break due to Covid restrictions. The Street Survivors Cruise in Glen Burnie has started up, and by the time this issue comes out the Boulevard Cruise in Abingdon will be back, and it will be sponsored by our foundation. It looks like Classic Cars of Md. group will move their cruise to Fallston. And like last year, several pop up shows and cruises seem to come up all the time.

Your best bet to keep up with all this activity is to visit our site www.CarCruiseGuide.com often. We update all the time, and work well with clubs, promoters, Facebook groups, and many other sites to make sure you can find what you need from just one source. And if you help with a show, don't just put a post on Facebook without taking time to email your free listing to me. You will get 10 times the exposure by being in this magazine. In this issue, you will find information about our new classified section. I do listen to your suggestions, so keep them coming.

This July, I officially turn into an old geezer and while I have been semi-retired for a long time, I'm not going anywhere. After turning over my boat magazine to my friend Jim, I feel like I am totally retired, and are basically a volunteer with the Cruise Guide and Foundation. And soon, my wife will be joining me in retirement, so we will be able to travel some while spending time with our favorite hobbies, mine is classic cars.

I plan to stick with the Cruise Guide and continue to work towards the goal of being your best and most trusted source for local car show news. But I couldn't do this without all of my friends whom share my passion for our cars. Your help with photos, distribution, and helpful hints is so much appreciated by me, and our 15,000 fans. So Folks, join me in doing what's best for the future of our shared hobby; let's ignore any negative people, and work towards keeping things going for the next generation...

Happy Cruising, Dave

Foundation Update

by Doug Wood

The Cruise Guide is a Sponsor of the Foundation

Holy cow, can you believe that the cruising season has started out almost normally! But I won't kick a dead can down the road any longer! Here is some news for you to ponder...

I am proud to announce that Josh Maguire is this year's winner of our scholarship. As with some of our other recipients, he is employed by Ron Yeager over at Ron's Rod's and has been shown the ropes most capably by Ron. Josh is another one of those young guys that knows what he wants but just didn't know how to get there! It turns out that he had expressed an interest in McPherson College to his parents long before he actually sent his application to the foundation for consideration. His parents went into action and knowing he was interested... Signed him up for the mini sessions even without knowing whether or not he was going to get a scholarship. By the time we got his application and were able to approve it... All of the classes at McPherson were full. Low and behold Josh's parents had acquired a spot in the discipline that Josh wanted. We will be reimbursing Josh's parents for the one week session along with the meal plan, lodging and his airfare. They actually signed him up for two weeks! As in the past, I will try to bring Josh forward at some of our cruises or car shows so that you might get an opportunity to meet him!

Our spring car show although small due to the uncertainty of the weather... was a huge success. We didn't make a lot of money, however the people that attended raved about Dove Valley Vineyard. The music was excellent, the food trucks were off the hook delicious. It was just announced our Fall show will

www.SaveTheHobby.org

return to Dove Valley on October 2nd. Keep your eye peeled for more information in the cruise guide!

I'm also working to put together a float to participate in some local parades this July 4th. I may be looking for some young people that have their own historic or special interest cars to follow along in the parade. If you know anyone that might be interested in doing such a thing... Contact me at (410) 456-2227.

I'm looking forward to seeing our supporters out there this cruising season...

See you on the return road... Doug

Final Cruise

The classic car community has lost several members in the last months and the CS & CG would like to pay tribute to a few that made our sport so much better.

compiled by Anita Hill whom misses her friends dearly

David Cohen

passed on 12/4/20. David was a member of Street Cars of Desire, D & N Productions and the Ghost Ryderz Car Club. David and his wife Nancy took over the East Coast Indoor Nationals in Timonium for 25 years. Each year the show was to benefit a children's charity, such as "The Abilities Network", then "Toys For Tots", as David had been a Marine. All the vehicles in the shows were hand selected by David each year, as he traveled the entire East Coast to find these outstanding cars. Semper Fi David.

David Cohen

Jerry Brewis

passed on 4/22/21. Jerry was an Army veteran and a great businessman. He was a mentor to many and was a collector of classic and exotic cars. As a long time supporter of Jalopyrama and the East Coast Indoor Nationals, he was also a friend to many organizations in need. His legacy will live on in the lives he touched.

Jerry Brewis

Mike O'Neill passed on 12/28/20. Mike was a retired safety inspector from the NTSB. He loved helping veterans and spent time working at Water Reed Hospital with the wounded members of the service. As a member of the Asphalt Angels Car Club, he enjoyed showing his Pontiac Firebird and telling friends that the Purple Heart on his hood was in honor of his Father.

Mike O'Neill

Bill Salisbury

Bill Salisbury passed on 4/26/21. Bill worked for and retired from Hamel Builders. He was a true lover of classic cars and going to car shows with his 1955 Crown Victoria (Betty Boop) or his 1963 1/2 Ford Galaxy.

Reader's Rides

Fred and Ann Kellermann's '74 Cuda "Dolly"

Meet "Dolly" a 1974 Plymouth 360 'Cuda. This car was purchased from Colonial Chevrolet in Wilmington in 1976. So I decided I'm going to call my 'Cuda "Dolly" because it's what's up front that counts. From 1976 to 1984 Dolly served as a daily driver and family car including a trip to Denver, CO. In May of 1978 with 3 children in the back seat. Now we have driven to Denver many times and once you are west of Ohio it is wide open and hard to judge your speed but typically my cruising speed is 70 plus. Back in the day we also used a CB radios to listen to the truckers. But in 1978 the Emergency Highway Energy Conservation Act was in place with a National 55 MPH speed limit. Now it was the hardest thing I had to do on that trip trying to hold Dolly down to 55 MPH.

In March of 1984 my oldest son turned sixteen and he was so excited because he thought he was going to drive Dolly. I said I don't think so because one, it was way too much car for a new driver, and two, it was fast between gas stations but it didn't pass any of them. and strike three, I couldn't afford the insurance on a performance car and 16 year old driver, so Dolly was parked. In the meantime, I bought a '77 Dodge Aspen station wagon. Neat part was the wagon had a 4 speed on floor and he actually liked that part. Fact was I loved Dolly to much to part with her so I built a pole barn so she could be stored. I figured when our three children were old enough I would be driving Dolly again. Well, life happens and it wasn't till 2012 when my youngest son said Dad you need to get Dolly out of the barn and get her back on the road. That evening Ann and I dis-

Driving on the Tail of the Dragons

cussed it and she gave me what I thought was a very generous budget and work began.

Now we won't talk about the fact that the budget had to be increased twice. Almost a year later Dolly was back on the road again. Oh and that 4 speed with overdrive that was in the Aspen wagon, well that's in Dolly now.

Since completion of the restoration in Oct 2013 we enjoyed attending a couple cruises to show off Dolly where we found publications for car shows and cruises. In 2014, we started taking Dolly to car shows where we have gained many friends and enjoying the collector car camaraderie. I really enjoy seeing other cars and seeing what they have done and especially hearing about their build or history.

Since 2013 we have averaged 25 to

30 shows and cruises a year. In 2019 we added another venture. We went to the Mopars at Carlisle show where we met the Rapid Transit Tour group. After the Carlisle show we traveled with the RTT group to Robbinsville, NC. where we spent a week at the Ironhorse Motorcycle Lodge. This would serve as our base for a week making trips places like Pigeons Forge, Bryson City's Great Smoky Mountain Railroad and driving "The Tail of the Dragons". Now for those who don't know "The Tail of the Dragons" is 318 turns in an eleven mile stretch of Route 129 in the Great Smokey mountains. It is so popular for both cars and motorcycles there are photographers along the route taking pictures. I can tell you it is a workout for both the car and driver but it is a real blast. When we got back from the tour we had put a little over 2200 miles on the odometer. It was a great adventure and if you enjoy driving your classic I highly recommend doing a tour for ventures with great people and great memories.

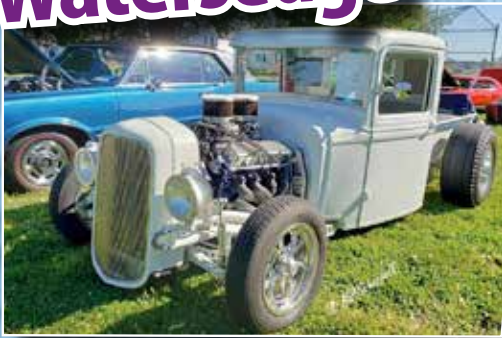

Have a Car or Truck with an interesting story? Or some cool old photos?
Why not share it with our readers and see it printed in the magazine!

photo by Arthur DeLillo 1967

Bill Eckstrom had been racing many of his own cars in the gas classes and doing pretty well, and the JR stock classes were starting to really get popular. Many dealers were proving that old adage, that if “you won on Sunday you sold cars on Monday”. On the East coast the Stephens Pontiac crew was racing some super cars, dealer-ordered cars that had some very rare options! Pontiac was ‘back dooring’ cars through Engineering for racing purposes like this ‘Pontiacion II’ Firebird.

**Take a Kid
to a
Car Show**

Life is full of choices for kids. You can help them make the right ones by sharing your appreciation for cool old cars.

There have been countless studies done to prove it, but virtually everyone knows that spending quality time with a kid is the greatest gift you can give them. And sharing your appreciation for collector cars is a great way to nurture their interest in a hobby that you can enjoy together for many years to come.

The Original
ON SA FOR HAVIN FUN!
