### A Message from Dave

### We're back

It seems that every event is back this year, and most are well attended. I was at Chryslers at Carlisle, and there was so much to see that it's hard to take it all in in a day. And now I am getting reports of record attendance. The smaller outside events are in full swing now. The four indoor events the Motorama puts on are on the schedule for this winter, the first being the East Coast Indoor Nationals, which this magazine sponsors. Well, we are back baby, but let's not throw caution to the wind just yet. Keeping my fingers crossed that the worse is behind us from last year, and we all stay healthy. I'm even retiring my CANCELLED CAR SHOW T-Shirt.

My wife Diane recently retired from her job and got a new hip, so later this year we plan to travel more. I hope my old school way of doing things can be changed up a bit so I can work on this magazine from the road. We'll just wait to see. For now, if a problem comes up, all I have to do is open the basement door and my son Dan is at the ready to help his OLD man. I hope our investment planner Kirk is right that we have enough funds that neither of us has to go back to work. I'm having too much fun being even more semi-retired and producing the Cruise Guide to ever having to go back to a regular job.

As I mentioned in the first paragraph, the regular shows that were cancelled last year are returning. Two of my favorites are back, Classic & Muscle Cars Under the Stars, and Beers & Gears. Make sure you read through this issue, cover to cover so you can plan your fall events. We have a ton of show listings, more cruises are popping up all the time. Remember, the Car Show & Cruise Guide is your best source for up to date event information. Hutch, Friends of the Cruise Guide & I work hard for the local car enthusiasts, so you don't need to look elsewhere for the info you want. Of course, this can change quickly, and sometimes after the magazine comes out. We make every effort to keep the website Events page updated.

I'm open to suggestions about any changes to make, and we want your input.

We now have a free online classified page; we have two Facebook Groups, and a Facebook Page. Now you can find events from outside our published area on our site, and I have been thinking about adding more states to the online events, and even perhaps adding an online magazine to cover our off-months of printing. Check out our site [www.CarCruiseGuide.com](http://www.CarCruiseGuide.com) on a regular basis. Make sure you send in your free event listings, and reach out to me if you have your own thoughts about helping out the Classic Car Community.

My email is: [Dave@CarCruiseGuide.com](mailto:Dave@CarCruiseGuide.com)

# Foundation Update

by Doug Wood

What a difference a year makes... Cruising season has gotten off to an enormous start and although I am missing my trusty steed the Barge, I'm living vicariously through you guys. Hopefully, I'll get the motor reassembled and back in the car in the next month or so. On to some foundation news.

I'm proud to report that Josh Maguire, our scholarship recipient for this year had an outstanding and educational time out at McPherson College. Our scholarship footed the bill for one week and his parents provided two extra weeks of time for him. We will share his experience with you all in an upcoming issue and on our website.

The foundation did something very new this year... We actually participated in two local parades. We did the Kingsville parade on Saturday and on Sunday we did the parade up in Bel Air. I received a letter just the other day that stated we won the best non-commercial float at the Kingsville parade. We quickly realized that participating in these two parades has put our name and message in front of more people than ever. We recognize that you folks reading this magazine know who we are as well as the rest of our car community. However, the general public basically has no knowledge of us. I think we change that significantly on the fourth of July weekend.

**Our car show will be on 10/2 from 12 noon til 4 At Dove Valley Vineyard. The Featured Food Trucks will be:**

- \*Smoke-n-Wheel BBQ
- \*Chessie's Food Works

There will also be **Live Music** featuring **Eric Pierce** from 12 til 2 and **JD Willis** and **The Cecil Smoke** from 3 til 7...

**\$100 will be donated to a winner in honor of Andrew Lombardi**

Please note that although the car show ends at 4 PM you are welcome to stay and enjoy the music and facility as long as you please! we will share more information a little bit later here in the magazine, on our Facebook page and on our website.

[www.SavetheHobby.org](http://www.SavetheHobby.org)

*The Cruise Guide is a Sponsor of the Foundation*

Our Bull and Oyster roast will be on Saturday Nov 6 from 1 til 5 at Columbus Gardens in Nottingham, Md with a ticket price of \$55 each or \$400 for a table of 8. Table prices will only be extended when purchased in advance. Of course we will have a full menu, hot and cold buffet, pit meats and raw oysters. Music will be provided by DJs of choice, so bring your dancing shoes and a list of your favorite songs and put in your requests! As always you are encouraged to bring you're hot rod or special interest car... Not a car show, but bring it along anyway!

Jennifer and I have been very very busy so far this season, so we really haven't been able to get out and see you all that much. We apologize for that, but life continues to be life! Will see you soon and hopefully the Barge will be afloat in the very near future... LOL!

**See you on the return road... Doug**

## Professional Spotlight

### Robin Luber Real Estate

I am a fellow car enthusiast. My hubby and I currently have a 1964 Thunderbird. We have previously had Mustangs. We love being a part of the car community and supporting The Car Cruise Guide on a monthly basis by advertising here.

I am reaching out now to let you know about my services. Have you been looking for a new place to call home, wondering how to get started buying your first home, or thinking about selling your current home? Interest rates continue to be historically low and the number of homes currently for sale is very low also. What does all of this mean? Most homes are selling for high prices, often with multiple offers, and in record time!

With 18 years of experience, I will help you navigate this market! Whether you are buying or selling, I will help you

If your "Baby" needs a new home, let me help you find just the right place!

Robin Luber, Realtor, CRS, HOC, Execuhome Realty  
443-421-4681 (cell) 443-384-4000 (office)

position yourself so your home sells quickly and/or you find and successfully purchase the home of your dreams! I even have information about programs which can help you purchase a home with very little money out of your pocket.

Please give me a call to schedule a free, confidential meeting to discuss making your real estate hopes and dreams become reality.

# Reader's Rides

## Bob Klein and Mike Schatzmann's 1929 Chevy "PA Hillbillies" Truck

In 1985, Jim Groff's son saw a 1929 Chevrolet for sale in Dallas, Texas. The car was all metal and had most of its parts. The price of the vehicle was listed as \$1500. Jim figured it couldn't be much of a car for that price but decided to go down with his son to purchase the vehicle as a project that they could work on.

The car was in pieces but all the metal seemed to be there as well as the chassis. Jim and his son rented a trailer and gathered the car's parts and brought everything back to Christiana, Pa., to begin the project.

The car was in need of an engine, so Jim searched and found a 1930 Chevrolet engine locally. When he contacted the owner he was told the engine had been sitting outside in the weather for 20 years, but had a piece of tin covering it. Jim bought the engine for \$75 and transported it back to his workshop where he found that engine had seized up.

They pulled the plugs and cleaned them, put WD 40 into each cylinder, pulled the oil drain plug to find a mix of water and oil

draining from the pan, and found the carburetor full of water.

After several hours of soaking the cylinders with WD 40 and many attempts to turn the engine by hand, they managed to get the flywheel to turn one complete rotation.

Not long after, the engine began rolling easier when turning over by hand. They began cleaning the rest of the components and put gas into the engine and had it running within 3 hours. It sputtered and coughed but it was operational.

Several days later, the car was rolling down the streets of Christiana, Pa. on its own power. Several of Jim's friends thought the car should be made up as a Hillbilly Truck; and it made its initial appearance as The Hillbilly Truck in the Christiana Halloween Parade.

After the initial appearance, the car was entered into its first car show. No official knew what class to have the car registered. The car began making its car show rounds over the years. During that time, money was made for the Lions Club by having people have their pictures taken beside the car for donations. The money was donated to the Lions for the Blind Children.

In July 1994, the car was driven to the 25th Street Rod Nationals held in St. Louis, Il from Christiana, Pa. The trip took two weeks and the engine (same one that was frozen up in 1985) only used ½ qt. of oil.

Around 1996, Jim and the "Hillbilly" crew had so much fun over the past few years driving and raising money for the Lions Club, that they decided it was time to make plans to drive the truck out to where the Clampet's had settled.... Beverly Hill, Ca.

In June 1999, extra parts were loaded into a Dodge Pickup truck (additional engine, rear end, front end, starter, and tires) and the truck was ready to drive along with the Hillbilly truck out west. The idea was to put the back wheels into the Atlantic and begin the trip. The car made it to New Jersey, where a wheel bearing gave out. It had to be replaced by a Dodge Wheel bearing where a picture was taken with the Twin Towers in the background. What became apparent after reviewing the picture was the sign in the background... "Nude Beach."

While in the area, the Hillbilly Truck was parked outside of the "Today Show" location. While parked there, Al Roker, the weatherman got out of his limousine and had a puzzled look on his face when he saw the truck parked there. Not long after, he emerged from the building to give the weather forecast while standing beside the truck and interviewed the Hillbilly Crew as he asked questions about the truck and the trip.

During the trip the car was on 21 Television News Stations across the country. The car broke down several times with the most notable breakdown in the Grand Canyon.

While driving a loud banging sound was heard under and in back of the driver's seat. The wooden floorboards were pulled and the transmission cover was removed. No apparent damage was found in the transmission. It was decided to pull into a small town not far away that had only one garage. The owner of the garage stated that he had heard them coming for a few miles, but they were about to close and that the truck would be looked at in the morning.

After jacking the car up, 5 Navajo Indian mechanics checked everything under the car and found the problem in the rear end. Two teeth had broken off the Ring Gear. At a much earlier time (before 1985) work had been done to the rear end and non-standard parts had been used in the repair. It was easily determined that trying to find a ring gear in the Grand Canyon for a vintage truck would be not be an easy task. The owner of the garage mentioned that there was a Navajo Indian that might be able to weld the teeth back onto the Ring Gear. The Hillbilly crew was skeptical but had

no choice other than to let the welder try. The repair was made. That car made noise but could be driven. The mechanics decided that their time repairing and troubleshooting would be donated so the Truck could continue the journey. Only the parts were charge... \$55.00 for 2 days work by 5 mechanics and a welder.

Over a period of time on the trip, the teeth wore themselves in ... that same Ring Gear is still in the rear end today! It has never been removed or replaced.

59 days after beginning the journey across country, the Hillbilly Truck put the front wheels into the Pacific Ocean after passing through Beverly Hills.

The truck remained dormant after the 1999 trip until it was purchased by Bob Klein and Mike Schatzmann several years ago. The vehicle was checked out and items added to make it look as it does today. It has made many appearances Parades and local car shows as well as appearing in New Jersey, Delaware, and Maryland. The spirit of the vehicle remains the same as we try to raise money for Veterans Organizations (VFW, American Legion, Wreaths across America) and local charities, by asking for a \$5 dollar donation to sign the car.

In its' history, the vehicle has managed to acquire over \$40,000 in donations for the Lions Club and Veterans Groups as the Hillbilly Clan continues to travel to various locations having fun and raising money for those in need.

We can be found on Facebook by searching Pa Hillbillies in the Facebook Search or at Pa.Hillbillies@gmail.com
