Car Show
& Cruise Guide

A Message from Dave

What a difference a year makes. Last December the Indoor Nationals were cancelled due to Covid 19. Well this year we finally get back to close to normal times; at least you can pick up a copy of your favorite magazine at the show, and get to check out some incredible rides during the off-season. A few events didn't come back in 2021, but thankfully most did.

The Cruise Guide debuted 12 years ago at the East Coast Indoor Nationals, and I didn't know what to expect. Well with your overwhelming support from day one, we are still at it. Our site has the most interest of any mid Atlantic website for car events, and I still can't print enough magazines to meet the demand. Others have tried to copy what we do, but just don't have the large following we do. You all know where to look for your car show news and updates, and I sure appreciate that.

We come out with a print magazine every other month, all year. During the show season, you all know that we update almost every week on our site, and know you can read the magazine online. Well starting in January, I'll publish an online edition in our off- months to complement the existing print and online editions. You can find even more photos of your favorite shows, and find out what to expect in the upcoming print magazines. I'll include new features in the new online magazine, and you will be able to download a copy and print one as well.

So let's work towards keeping your favorite car show publication around for another dozen years. Please do your part; either send in your show listings, or remind the promoters to do the same. Remember, events listings are FREE, just have to send them in. Also, we offer big discounts for your display show ads, and offer a variety cost effective advertising packages to car related businesses. Please refer one to me today, let's keep this going folks.

**Thank you so much for your past and future support,
Have a Merry Christmas & Happy New Year**

- Dave

We try to have a 50/50 mix of ads & editorial space. With less demand for show ads during the off season, the page count must be reduced. So you will find photo spreads of your favorite shows held after October 15th in the February or April editions. Also, be sure to visit us in late December for a new special online only edition which will have additional photo spreads in them.

See pictures from these shows in upcoming issues.....

Cecil County Drags, Beers & Gears, Asphalt Angels, Harford County Mopars at Cooks Motors, B Woody Show, 510 Johnnies, Rumble in the Ruins, Jerry's Chevy Show, Sue Island, Motor Menders Toys For Tots & the Street Survivors Veterans Shows. Pictures of some of your favorite cruises will be featured as well. We appreciate all the hard work that our photographers do, and are trying our best to fit all the great shots in the magazine.

Foundation Update

by Doug Wood

The Cruise Guide is a Sponsor of the Foundation

Welcome to fall everyone... It seems as quickly as the cruising season started it has ended already. The prior year without any significant car activity has made us cruise through this season not realizing how quickly time was passing.

I don't have a lot of news to share with you all. I was hoping to tell you how successful our bull roast was, but we had to cancel it due to lack of interest. Going forward we will not attempt to organize any further events such as that. Instead, we have decided to concentrate our efforts on our two car shows per year. Look for some big announcements in the coming months.

We continue to need help on our board of directors. Although our upcoming schedule is relatively light the events that we are attempting to plan require a larger amount of heads, hands and feet. If you have some time to volunteer, please get in touch with Dave or myself. Our Board of Directors had shrunk to just three people and we can't do this ourselves. Drew and Anita Hill have

been instrumental in making sure that registration at our car shows works flawlessly.... They are considering joining our Board of Directors. I would also like to welcome Michelle Price to the board of directors. She has attended most of our car shows and several of the cruises and has been helpful in several respects at each. This brings us to 4 for sure and possibly 6...more help is needed!!

The indoor car show season is about to kick off. You can count on seeing the CCCEF at the East Coast Indoor Nationals at the Timonium Fairgrounds in December and I will also represent the foundation at two other shows as well. Dragfest up in Lebanon Valley

Pennsylvania in January and possibly the Asphalt Angels show down near Richmond or MotorRama up in Harrisburg during the month of February. I haven't decided which way I'm going yet.

I'll look forward to running into you out and about during this upcoming fall and winter and as always..... See you on the return road!

- Doug

Lots of auction items, great door prizes, 5 tickets pulled from the 50/50 and trophies made this a great show. Reader's Rides

Jay and Heather, Kirschner's 1966 Chevy Nova Wagon

This is one of those "Bought not Built" projects that turned into a building project. Jay has always wanted a Chevy II coupe, but when he saw the wagon for sale in York, PA he had to have it. The original build was done in Huntington Beach, CA by Wheelers Customs and the interior by Westminster Auto Upholstery. These 2 builders have unheard of hours in

inserts over Lexus electronic seats. Over the winter the seats are headed to "The Dye Guy" to get some much needed TLC. The headliner matches the seats in ultra suede leather.

We have been in contact with the amazing men that were hands on with this build and it's been awesome to learn everything about the 5 year build. We have put our hours in on making

making the wagon straighter than straight which is incredible to see on a black paint job. There are many modifications that were over the top as well. The door handles, mirrors, wipers, window quarter, vent windows, and window cranks have all been deleted, the bumpers are pinched in, turn signals moved into the headlights, gas tank relocated to hide behind the drivers taillight, tilted rear lights, and electric windows all around. Bonus is on those hot days you can turn on the A/C and have the windows down thanks to the Vintage Air system. The interior is ivory leather with black

some changes as well. There is a new RideTech Air ride system, upgraded the engine to a 383 Stroker, had Richard Glymph and team put some hours in repainting the single stage paint job, redesigned the exhaust while adding a pair of Super10's.

I can go on and on, but honestly the greatest gift that this car has brought us is friendship. We have met some of the greatest people while cruising around. This "hobby" has us planning out our weekends based on what parking lot or patch of grass we are going to park in.

Have a Car or Truck with an interesting story? Or some cool old photos? Why not share it with our readers and see it printed in the magazine!
