Car Show & Cruise Guide

### A Message from Dave

### They say things come in Threes...

It looks like bad news is here for a third year in a row. As I write this on March 12th, I remember 3 years ago everything began to shut down due to the Pandemic in 2020. In 2021 while things were looking up, we still had to take a few steps back. Well here we are in 2022 with record inflation & gas prices, and an overall concern about what the future is going to bring with war waging in Ukraine.

This magazine and my associates didn't let the 2020 shut down stop us, we adjusted a bit, did several cruises in our cars until the outdoor shows opened up. Even though I was forced to sell my boat magazine, I found ways to keep the Cruise Guide going. Last year we still had indoor restrictions, and gas was on the rise, but I didn't see many signs of folks just parking their cars. Now that 2022 has started out gas prices as high as ever, will this keep you at home? For me and many of my friends the answer is NO.

Sure, we may have to adjust how much we drive, and perhaps stay local except for a few of your favorite events. Unless you bought your collector car because you liked to look at it, please don't let the dust collect on it. In the pages of this magazine and on our website, we have a ton of cruises listed, and more shows than any other publication or sites in the mid-Atlantic. My wife & I are on a fixed income, both mostly retired. We don't want to spend any more time just sitting home, so I hope you will join us and your friends at a local show or cruise this spring.

We personally are making changes in our life style to try to keep up with inflation. Along with that, this publication will have to do the same. My costs are way up, and while I appreciate the support, revenues just are not keeping up with printing and delivery expenses. So we may have to reduce our page counts, and limit the amount I drive to get the magazine out. You can now find many more pages of show photos and columns in our Online Only Cruise Guide. Visit [www.CarCruiseGuide.com](http://www.CarCruiseGuide.com) and click on the March cover to see 65 pages of exclusive copy & photos.

So even though for a third straight year things outside my control are happening, it's not going to get me down. I will make adjustments to keep your favorite magazine and website going. I will make adjustments in my personal life to keep my rides going. And most importantly, I will appreciate my freedom to do so, and I hope all my car friends will continue to find ways to attend as many events as possible.

*See you at a show soon, Dave*

Did you know you can find more photos of your favorite shows in our New Online Only Cruise Guide? The March edition is on our website and has 65 pages of columns and photos for you to view. In the March issue you will find 64 pages of photos, columns and a ton of interesting things to look at that we just cannot afford to include in the print magazine. In the March issue you will find photos of Motorama, The Drag Fest, Barry's Car Barn, the Classic Auto Mall, Road Trips and so much more.

Come back in May where you will find a ton of Ocean City photos, and previews of the Spring shows. And if you missed out on getting an ad or listing in for the print magazine, you can place them in the new online magazine. That's right, every month we will have updated information in a new magazine just for our loyal readers.

And good news for car clubs & show promoters - you can now advertise just online at new special rates - Just ask Dave how.

# Foundation Update

by Doug Wood

*The Cruise Guide is a Sponsor of the Foundation*

As I write this, it's approaching midnight of the day that this was due! It occurs to me that the old adage that life just gets in the way could not be more true.

It looks like mother nature may be tired of flexing her muscles... That little bit of snow that we recently got is hopefully the last that we'll see until late in this year!

Let's talk about donations a little bit... At the all clubs breakfast a few weeks ago, I spoke about giving locally. As an example Dan Hartman is doing the Big M reunions (spring and fall) and is planning to make sizable donations to the foundation for each. I am hoping that other clubs and organizations will consider doing the same this year and in the years going forward. We have been relatively successful in our endeavor to send kids to school or involve them in our hobby in other ways. It has always been Dave's and my dream to maybe be able to provide a full scholarship to some deserving individual during our lifetime. Please remember that we are entirely donations

[www.SaveTheHobby.org](http://www.SaveTheHobby.org)

- Doug

dependent, so we hope that local clubs in the area will give us a hand.

We will be holding a fundraising event at Harford Vineyard and Winery on April 16. There there will be a limited number of picks and a few special awards. We are only asking for a \$5. donation, and remember the money that you spend to enter our fundraiser is considered a donation, so check with your tax man to find out if you can deduct it.

At the breakfast I mentioned that we are still looking for help here at the foundation. If you are interested, please give me or Dave a call... My phone number is 410-456-2227... Dave's is 410-937-6866.

I can't wait to get out in my Oldsmobile for some cruising... It seems as though it's been two steps forward and three steps back. All in good time as they say! With that folks... I'll see you on the return road!

## ProPaint Systems

ProPaint Systems is Maryland's premier installer of Platinum Concrete Coatings. Established in 2001, owner Steve Dodge partnered with Penntek Industrial Coatings to bring a high-quality, innovative product to Maryland and the surrounding areas. When applied to concrete surfaces in garages, patios, mudrooms, basements, porches and pool decks, this custom coating extends your living space while adding beauty and durability.

With 20 years of experience in the industry, ProPaint has built a respected reputation in our community based on quality service, relationships and trust. Family-owned and operated, ProPaint Systems is fully licensed and insured and will only send out factory-trained installers. Installation is complete in just one day, hassle-free and available regardless of temperature. A host of options are available from various colors and design choices such as medallions, logos and borders. Backed by a 15-year warranty, this innovative coating stands the test of time.

Unlike an epoxy garage floor coating, this chip system uses polyurea. Polyurea is four times stronger than epoxy and more flexible. With a polyurea basecoat and polyaspartic topcoat, this chip flooring resists abrasions, chemicals and UV damage. Polyurea cures in one day and is applicable year-round. Epoxy typically takes 5-7 days cure time and cannot withstand cold temperatures during installation. What's more, polyurea can withstand cold climates allowing for exterior concrete resurfacing.

The steps of the process are full restoration and repair to cracks and flaws in the current concrete, followed

by surface preparation for proper adhesion using high-tech grinders and HEPA vacuums. A thorough clean-up commences preparing for the next stage of basecoat application and broadcasting of color chips. About an hour dry time follows to allow for the next step of final surface scraping. The last step to completion is surface cleaning and UV-resistant topcoat application. This polyaspartic topcoat is 100 percent antimicrobial and will resist abrasions, chemicals, salt, gas, oil, grease, mold, mildew and bacteria. Again, this happens all in one day! The options are endless in turning your old concrete into a unique, new surface. ProPaint Systems is focused on exceeding expectations and providing an experience that leaves our customers completely satisfied.

## Curley's Corner

Redheads are sunshine mixed with a little hurricane  
 Sometimes I talk to myself, and then we both laugh & laugh  
 If you see me talking to myself, I'm just getting expert advice  
 I came, I saw, I forgot what I came for  
 It's weird being the same age as old people  
 I do not scare easily, I have daughters  
 Today I will be as useless as the "G" in Lasagna

# Reader's Rides

## Bill Shaw's '65 Pontiac GTO

Starting in 1964, my Dad worked at the General Motors Plant on Broening Highway in Baltimore. He would retire from there some 30 odd years later. In 1965 while building the GTOs at the factory, Dad fell in love with them, so much so that he ordered his own '65 GTO. Dad loves to tell the story how he and his buddies were all on shift when his car rolled down the line. No doubt, it got some special treatment. Dad would later sell that car in 1972 and regret it ever since.

Dad, now 80 years old, still talks about that car all the time. So I decided to get a 65 GTO for he and I to take to car shows and relive our youth. We found what we were looking for in Canton, Ohio. A one owner original numbers matching

389 engine, 4 speed Muncie transmission, gorgeous ALL STOCK 1965 GTO. From the interior to the wheels with their custom "spinner hubs" this car is all original and looks exactly like it did when it left the plant in 1965.

The most amazing this about this car is the documentation. We have the original window sticker, the original owner's manual, the original build sheet, the Pontiac Historical Documents print out, the original protecto-plate, the cancelled check that the original owner used for his down payment (50 bucks!), every year registration from 1965 to present, and a handwritten (in pencil) maintenance history of the car. This documentation also proves that this car is a 1 of 1 as far as color is concerned. Believe it or not General Motors, at the buyer's request, agreed to paint this car FORD Guardsman Metallic blue. Other options on the car include Factory AC, Transistor Ignition, Stereo-Phonic Reverb AM FM, and the wooden sport racing wheel.

Last year Dad and I attended as many shows as we could squeeze in and met many of the good-hearted readers of this magazine. Dad loves answering questions about the car and bragging on it... so when you see us at a show, come on over and say hello.

**Have a Car or Truck with an interesting story? Or some cool old photos? Why not share it with our readers and see it printed in the magazine! Contact Dave [davebielecki@aol.com](mailto:davebielecki@aol.com) or Hutch at [paulhutchinsL46@gmail.com](mailto:paulhutchinsL46@gmail.com)**

# In Memoriam

Alan Mayo

Bill Wilson

Gary Ruby

Leo De Leonardo

It is with great sadness to write the passing of Alan Mayo on 3/9/22. "Cars" could have been Alan's middle name, as he spent most of his life working on/showing them.

Alan was a key figure in shaping this hobby that we all love. Alan and his wife Amy put on many cruise-ins and car shows. They also published the original "Cruise Letter" for many years. Alan lived life to the fullest, always telling jokes and stories to make you smile and laugh with him. Everyone that knew him, loved him. On behalf of car folks everywhere and the CS & CG, we send Amy and her family our deepest sympathies; and to Alan, cruise on and keep smiling dear friend.

Written by Anita M. Hill & Jeffrey Barnes

The car community has lost another wonderful friend. Bill Wilson, long time member and past Vice President of the Asphalt Angels Car Club, passed on 1/6/22.

Bill was known by many as the guy that drove the 1936 yellow pickup truck that said "Light My Fire" on the door. He was a true car lover and a friend to all that knew him. The Asphalt Angels will be honoring Bill's memory at their Spring Car Show on 4/16/22 in Bowie, MD.

Written by Anita M. Hill

On March 1st 2022, the car community lost one of its famous cruisers. Gary Ruby, took his final pass down the quarter mile at 1:55 pm. He is survived by his wife of 52 years, Paula Ruby and his children Gary Ruby Jr and Rachelle Bodvin. He is also survived by his four grandchildren Collin, Shannon, Elizabeth and Aidan. Gary was most noted for cruising in his 55 Chevy that he owned for over 38 years. Gary loved "How Sweet it is" like another woman in the family. Gary was commonly known for "holding court" and his ability to talk with anyone he met, and you knew exactly where he was at all times by the sound his voice and laughter. He shared his knowledge of restoring cars with his many friends. Not knowing what new car would enter the driveway next, Gary lived for "the flip." He might not be on the cruise circuit this summer but his family will continue his legacy while he will be racing on the highways in Heaven.

Paula Ruby

Leo De Leonardo, born June 8, 1937 passed away on January 31, 2022 Leo and his wife Lorraine loved to travel to Ocean City, Maryland for Cruiser Weekend and they always stayed at the Executive on 30th St. Leo even had his favorite room, #110. No matter the weather you could count on Leo rolling along on his scooter with his pony tail blowing in the breeze and a cool towel on his heat to block the beating sun. My husband Pete striped many a car for Leo but our fondest memory was when his 46 Chevy overheated and we worked on that car in the Executive parking lot so Leo would be up and cruisin the next day. You will be dearly missed my friend. Until we meet again may you rest in peace.
