Car Show
& Cruise Guide

A Message from Dave

Change is in the Air

Some of you finally understand that change is necessary to keep your favorite Car Show publication going. Last winter we started online only magazines you can read or download from our website. I saw major price increases from our printer coming, which is on top of additional shipping expenses. So I must reduce my page count to just to keep even with last year's cost to publish the magazine.

More & more car show photos will now be in the online issues. Because this is advertiser supported, we will now have to focus our show photo layouts for our

supporters first. When space allows, we will include other events. Some other features such as road trips, garage visits will be found online as well. Otherwise, I will do my best to keep other changes to a minimum.

Speaking of changes- **The Magic of Science** show that ran their ad in the last issue had a scheduling conflict and had to move the **June 11th** show to a new venue at **Harford Community College**. See the new ad on page 28.

And finally the **BIG NEWS** for our readers is the **Real Man's Yard Sale** is coming back this summer. Changes include who will run the all new event and where it is located. The Foundation will run and benefit from it. Read **Doug's** column on page 10 and see the ad across from the column. Now you can clear out all the clutter from your garage, while supporting the future of this hobby!

*See you at a show or even better- at the yard sale,
- Dave*

Hey Car Nuts- don't miss our Online magazines- read or download right from our site www.CarCruiseGuide.com- Just click on the cover on your right.

In the May edition you will find more photo spreads from these shows: Mid Atlantic Indoor Nationals, Waters Edge, the Foundation Fund Raiser, Motor Menders, Romancing the Chrome, Cecil County Drags, and the Ag Industrial show. When you read this print version, all of these shows are in it, and now you can view additional pages online. Also in May you can find the Street Survivors, Dunkirk, and Boulevard cruises. Shows include Bush River Yacht Club, Ocean City, Miracle Makers, and Port Deposit VFW.

Come back in July, and find the Asphalt Angels, Sled Fest, and Frozen Sand Castle. We also started a page for the readers to submit pictures of their own rides. And don't forget to visit the site often, as we update events on a regular basis.

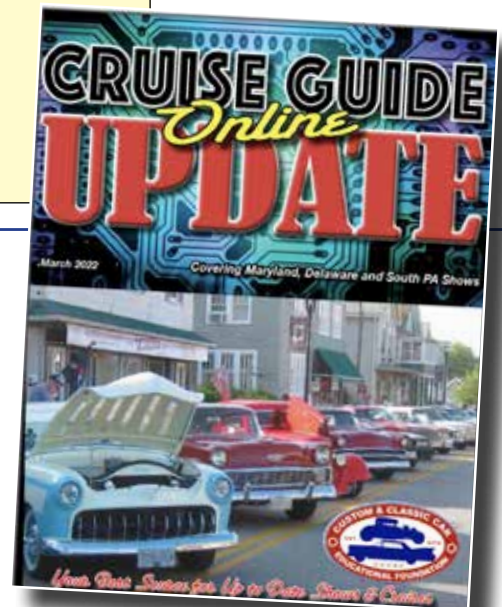

Please Like our Facebook page, and join the Car Show & Cruise Guide group along with the Friends who like Car Show & Cruise Guide Group.

Super Dampers

Top engine builders around the world use the ATI Super Damper® to eliminate harmful torsional crankshaft vibrations and for max engine protection! When you need a top quality, made in America crankshaft damper for your car, look no further than the ATI Super Damper—trusted by GM, Ford & Mopar for all of their factory racecars!

Why the Super Damper?

- Eliminates harmful crank shaft harmonic vibrations
- Improves power, torque and engine life
- Tunable, rebuildable & effective through entire RPM range
- The only damper used on every ARCA, NASCAR Truck & Cup engine

Harford Winery

The Custom & Classic Car Educational Foundation held their Spring fundraiser at Harford Winery on 4/23/22. The beautiful grounds at the Winery, great pit beef and other goodies from "Food By Fire", door prizes, a 50/50 and awards, it was a very enjoyable event.

Foundation Update

by Doug Wood

*The Cruise Guide
is a Sponsor
of the
Foundation*

Hello all and welcome to prime cruising season. I am proud to announce that my long-term rejuvenation project on my 64 Oldsmobile is finally complete. Thanks to my friends, the Barge is up, running and accumulating miles! I couldn't be happier!!

Hold onto your hats because I'm going to share some very big news with you right now... The foundation will now be running the All New Real Mans Yard Sale. The event is scheduled for Saturday, July 30 at William Watters United Methodist Church, otherwise known as the Cooptown Show Grounds. We have decided to offer two different size spaces. One is a 10 x 20 suitable for most folks, but we also have spaces that are 10 x 50 for those of you who have a truck and trailer that you would like to leave attached to one another. Additionally, we are offering car corral spaces for those of you that wish to sell some sort of vehicle. You will find some specific details regarding the event very close to this column.

We have a limited number of spaces available, so I encourage you to make your plans and pay for your spaces before June 30...the absolute cut off for

pre-payment of spaces is July 15. Folks that elect to show up and pay the day of the event, there will be a small surcharge. We have decided to allow early set up Friday from 4-8 pm. In order to do so, you must pre-arrange this with us, and make an additional donation to our foundation. It is important to note that we will be parking vendors/swappers from the entrance to the event to the rear as you arrive. Your payment reserves you a spot, but not a specific spot. If you want to be set up close to your friends, please arrive at the same time, we will make no exceptions to this policy. There will be food available for both breakfast and lunch. Rain or Shine Event

We are very excited to reestablish the Real Man's Yard Sale as the go to local swap meet. We look forward to you being a part of it!! Remember, all proceeds go to the future of our hobby.

Like always... I'll see you on the return road!

- Doug

The All New Real Man's Yard Sale Information

All Proceeds go to our Foundation Doug 410-456-2227 Realmansyardsale@gmail.com

Please reserve by July 15th - Limited amount of spots

Spaces	Reserve by July 15	Pay Day of Event

accidents All Sales Final,
NO REFUNDS-
Rain or Shine Event.*

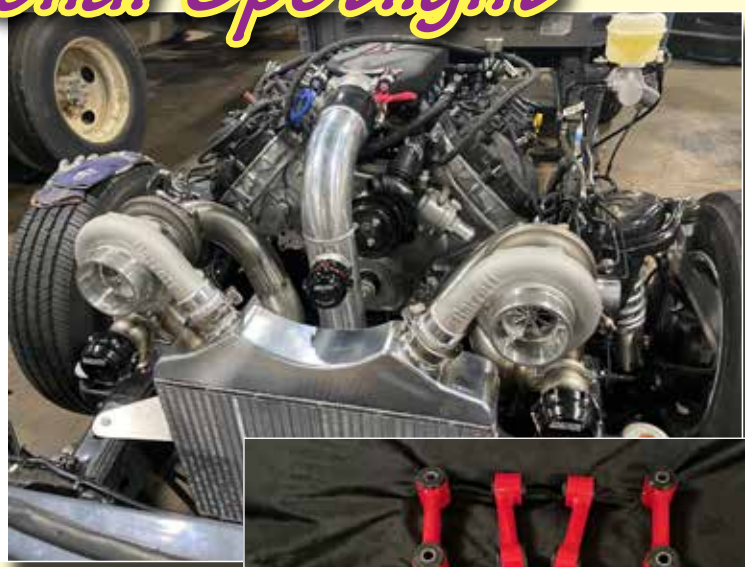

Professional Spotlight

B-Woody

Mike Beavers joined the army in 1988 as aircraft armament electrician where he learned his vast knowledge of mechanical and electrical skills and picked up TIG welding on aircraft when stationed in Ft. Drum, in 1994 he finished his duties with the US Army and started working with a welding company named J.C. Pardo and Sons where he further enhanced his welding skills. During his employment he started a side fabrication business. In 2001 he became friends with Greg Wood (Woody) in 2003 together they started **BWoody Performance** at 1301 Continental Drive Abingdon, MD. The "B" is for the first letter in Mike's last name and **Woody** is **Greg's** nickname, together they were a force to be reckoned with in the late model Mopar market and became they the household name for aftermarket parts. In 2007 Greg left the company but Mike decided to tough it out through the recession.

In 2013, **Breanna**, his eldest daughter majored in business management and marketing to take the business to its next level shipping parts to over 90 countries, then it's onto wholesale marketing. Today, **BWoody Performance** has over 100 authorized installers and over 200 wholesale accounts across the world. **Katlynn**, his youngest daughter, just like Dad isn't comfortable in an office and likes to work beside her dad in the shop, Powdercoating & Prepping parts onto being our next general foreman. This truly is a family operated and owned business. BWoody specializes in the suspension market but they do take on a few builds a year where Mike is comfortable customizing or designing new parts. Asphalt Angels

photos by Anita Hill

Bowie, MD

The Asphalt Angels of MD held their Spring Car Show on 4/16/22 in Bowie, MD. The show was in memory of Bill Wilson, a long time member and former Vice President of the Angels. With 124 vehicles enjoying the pleasant day, the Angels made a donation to St. Jude Children's Research Hospital in Memory of Bill.

Car DOGS

Lila, our Pittie. She's 8 years old and loves riding in the back - Bradley Helm

Curley's Corner

Curley's Top 10 Quotes about getting old

It's hard to be nostalgic when you can't remember anything. As we grow older; the less and less we feel our oats and the more we feel our corns.

Don't take life so seriously; it's not permanent.

Inside every older person is a younger person wondering- what the hell happened?

Few women admit their age. Few men act theirs.

Your memory is shorter and your complaining is longer.

Age is a question of mind over matter. If you don't mind, it won't matter.

Do not regret growing older. It is a privilege denied to many. I still have a full deck; I just shuffle slower now.

Age is all in your mind. The trick is keeping it from creeping down into your body.

Can you even remember when you got your windshield cleaned, oil checked, and gas pumped, for free?

And you got trading stamps to boot!

Pet Portraits

by Hutch

Original, hand-drawn pastel artwork from your favorite photo, framed and ready to hang. Makes a great special gift and keepsake. 11" X 14" only \$ 149

Reader's Rides

Ron Francis' 1955 Chevrolet Truck

This project started after I bought a new cab for a complete 1955 pickup. Shortly after the crate arrived I found a '55 frame complete with title. It also has a Camaro front suspension and a triangulated rear already installed. Since the frame had a matching title I chose to build a second truck with other mods that I wanted. The plan was for a stock appearing truck, minus the large factory chrome with substituted other Chevrolet trim. It was just enough to be personalized but obviously confusing to a purist. A passenger car emblem was substituted for the original hood emblem for example.

I robbed the used parts from the original truck as needed and bought new parts to complete the assembly. A crate 350 with 4bbl, HEI, 2 1/2 inch ram manifolds, 2 1/2 inch stainless steel exhaust, Walker Radiator, Vintage Air, Variable ratio power steering, 4 wheel Disc brakes, 11 inch power booster filled the engine compartment. All new front suspension parts with slightly lower springs were planned. The 3:73 Disc brake rear was the perfect rear to give clearance for 8 inch wheels and 2:35-78X15 Michelin tires. The front 215-70X15 tires are on matching 7 inch Wheel Smith artillery wheels also hand pinstriped for an original affect.

1961 Fleetside taillights were grafted to the rear bed posts for something different than round stock appearing rear lamps. A hidden rear backup camera was also installed. The

third brake light molded into the license plate frame adds good looks and safety. The trailer hitch is used. This is not a trailer queen by any means.

The original Chevrolet dash panels are originally filled with too many knobs and switches so the entire panel was blanked off to clean things up. A shortened piece of 1952 Chevrolet trim was centered across the dash with a passenger car CHEVROLET logo to keep with a "factory appearing" look. A Vintage Air under dash unit was used to eliminate all the under dash ducts for the A/C. Ron Francis Wiring was used throughout for ease of troubleshooting in the years to come.

In the first 2 1/2 4 years, the odometer just turned 12,000 miles. Fourteen months passed by during construction and with just 300 test miles on the clock the truck was driven 1800 miles to the NSRA 50th Anniversary Nationals in Louisville.

**Have a Car or Truck with an interesting story? Or some cool old photos?
Why not share it with our readers and see it printed in the magazine!
