## Car Show & Cruise Guide

Issue #77

### A Message from Dave

### Start of Another Great Season

Usually I start off with the April column saying something about looking forward to spring shows after a dreadful winter. I'm still looking forward to spring time events, but since we only had a handful of real winter weather days, I will just say thank God for a mild winter and move on.

We had a great turn out at the **All Clubs Breakfast** and you can read about it in the March Online edition. At the event, the new partnership between this magazine and our Foundation was announced. Yeah, it's not getting easier at all to publish the **Cruise Guide**, so my friends at the **Custom & Classic Car Educational Foundation** are pitching in to make sure this publication & the **Online Update** keep coming every month. **Doug** has great news to announce in his column on page 10.

So far, it looks like it is going to be a great year for our hobby. The **Cruise Night** page returns with a few new events, and we have several pages of car shows listings in this edition. If your event is not listed; it is up to you to send it to me. We update the shows weekly during the season on our site. We do share information in our **Facebook** groups also.

Happy Cruising, Dave

## Foundation Update

by Doug Wood

Well, it's almost here... Cruising season is just a month away. Our winter has been so mild, if we had venues to cruise to, we could've still been toolin' around in our rides for the majority of this winter, but I digress...

This has been a busy off-season for the foundation... We have some very big news to share with you all.

First of all, the Car Show and Cruise Guide, the magazine that you are reading right now, and the foundation have entered into a partnership. Many of you may have just assumed that the foundation and the magazine were related. Although Dave was more than generous with giving us copy space, they have always been two separate entities. Since Covid hit, the magazine has never really put any money into Dave's pocket and to that end he just figured that he should roll it into the CCCEF and make it truly not for profit.

Second, we will be holding our Real Mans Yard Sale up at the Markets at Shrewsbury. We figured that all of us make the trip up there for their infamous monthly cruise night, so it's not so far off track for us to go for a swap meet! Plans are in the infancy stages, but as details develop, we will share them with you quickly on our Facebook page. The date will be August 5 and as always, it is a rain or shine event.

Lastly, at the Car Show and Cruise Guide breakfast over the last several years, I have been pleading with clubs to make the CCCEF, one of their beneficiaries when it comes to donations from proceeds from car shows. Well, it seems that that has paid off. Our organization works very hard to try to get young people involved in this wonderful pass time of ours. Some clubs are recognizing that without young people entering this hobby, our car clubs will become nonexistent. Several clubs have stepped up and made some sizable donations. They are the Buick Owners of Maryland, the Classic Chevy Club, the Chesapeake chapter of the AACA, the Ocean City Cruisers and the folks that run the big M reunions (the Harford County Custom Cruisers). We are truly appreciative of your gesture

*This Magazine  
and Foundation  
are partners  
in  
Saving  
the Hobby*

and hope that many other clubs will follow suit.

I hope that your ride is ready for you to have some seat time... For me, I leave tomorrow for the Freaky Tiki's first appearance this season at the Run to the Sun in South Carolina. As always, I'll be encouraging young people to take a seat behind the wheel... How about you all try to make it your job to do the same when it comes to young folks and your special ride!

I'll see you on the return road!!

– Doug

# The Car Show and Cruise Guide All-Clubs Breakfast

photos by Jerry Wagner

## The Car Show and Cruise Guide all-clubs invitational breakfast

was held at the **Forest Hill Moose Lodge on February 25th**. **Dave Bielecki** invited **Mike and Bonnie Frances** from the **Cruisers for Christ** to open the breakfast with prayer. Then he invited the club representatives to mention their coming events. Dave, publisher of the bi-monthly magazine, along with considerable help, has put this breakfast on so the car clubs can get together and share their ideas and information. All of this with little compensation. **Doug Wood**, Director of the **Custom and Classis Car Educational Assistance Foundation** stands next to the new magazine front cover. The new theme at the bottom of the page reads **"Dedicated to the Saving the Hobby"**. This will appear on all future front covers. Doug also works for **Taylor Sheridan, Paramount**, and is instrumental in moving autos for TV and movie productions. If you have a vehicle that you might be interested in having appear in some type of entertainment, contact him.

**Kevin Hornberger, Cecil County Maryland House of Delegates** and **Sema National Chairman**, spoke to the recent legislation concerning "Historic" tagged vehicles. According to Kevin, only factory emission/exhaust will be legal and vehicles 1986 and newer will need to pass emissions tests and vehicle inspections. The Historic Tag issue, i.e. 20 years and older, is being abused and our legislators want it stopped. With the number of catalytic converters being stolen and the industries lack of replacements, this will make it impossible to stay within the law. Another topic was the "Right to Repair" legislation that endeavors to allow the people, who bought and paid for a vehicle, to make their own repairs rather than incur dealer expense. He also addressed the issue of stolen front tags. Addressing the politicians desire to fill our highways with electric vehicles, Rep. Hornberger noted that presently, less than 2% hybrid or electric and it will likely take

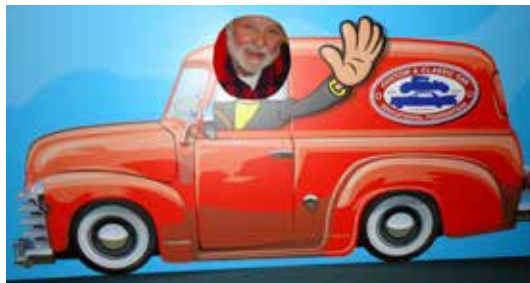

thirty years to approach that threat.

**Ron Yeager of Ron's Rods**, located in Kingsville, MD. has the saying, "If it's metal, we can fix it". Ron conducts apprenticeship classes in metal work. He has 14 to 20 year-old young men now learning the

trade when they can, and twice a year he has a group of professionals spend a weekend working on a project that can be attended by any interested person. Doug Wood commented that unless we get more young folks interested in this craft, the hobby is doomed

**J.D. Kurzmamm of Kurzmamm's Auto Brokerage** made us aware of the Vehicle Identification Number (VIN) problem that most

of us overlook. VIN's are often incorrect with letters and number missing or wrong. Another hint, if you have a loan release attach it to the title so it doesn't get lost. Also, it is possible to get a "Title Plate"

made that will suffice a missing number when the vehicle is sold. This is an especially good idea with vehicles older than the 1950's. Early antiques cars often had no number at all.

Finally, Dave thanked and named all those who were instrumental in producing the Cruise Guide, e.g. Photographers, Deliverers, Writers, and the Advertisers and Sponsors who make this all possible. More information can be found on [www.carcruiseguide.com](http://www.carcruiseguide.com).

## Ty's Ride

This '88 Mustang GT was owned by 15 year old Ty Mowery until he passed away last April due to brain cancer. Ty inherited the car from his grandfather.

Ty loved going to car shows, cruise-ins & doing burnouts. His parents are now the keepers of the car and wish to keep his memory alive by sharing it with all of you!
