Happy 2024 Car Nuts!

I am sitting at my desk right now thankful that I have a great heating system because real winter weather seems to have caught up with us. So far we have had a mild winter and besides for the normal indoor shows listed in this magazine, we were able to still hold some Cars & Coffees and other outdoor events like the last **Pizza Oven Cruise** and **Hanger Cruise**.

I am seeing a bunch of car show announcements on our Facebook pages, but very few are being sent in. As a reminder, we list your event for free in this magazine, but you have to send it in. As in the last issue, we have left out the Cruise Night pages to save some trees, but they will return in our April edition. Most weekly and monthly events return around mid-April. Please remember to update your listings.

Doug Wood has a few great announcements in his **Foundation** column. We have been busy with fund-

raising and donations. If you attend our **All Clubs Breakfast on February 17 th**, I'm sure he will fill you in on our plans for 2024. You can find out more about the breakfast from the ad on page 11.

You must RSVP to attend. And if attending, be sure to bring your show flyers.

Get Well wishes go out to our friend and Senior Photographer **Bill Ross** who has been in and out of the hospital this past month ..

He has slowed down this past year, but hopes to get better so he can continue going to car shows and taking pictures for this magazine. Every time I visit him, he talks about doing another Power Tour in his '57 Chevy. Let's all keep Bill in our prayers for a speedy and complete recovery.

Hoping for another great Car Show Season,

Dave

Foundation Update

by Doug Wood

In the last issue, we teased you all with big news. If you follow us on social media, you already know, but if you don't, here's what happened... We partnered up with the folks from **Motorama Productions** and **Sunrise Safety Services** to donate a 20 foot enclosed trailer to the **York Technical School**. More specifically, for their *Hot Rodders of Tomorrow* program.

For those of you not familiar, that is their engine building competition team. As you can see in the pictures that are adjacent to this article, we are helping more young people than we have recently dreamed. You should know that York Tech and the Hot Rodders of Tomorrow program had two teams that finished in the top five in the national competition.

More recently, a local car enthusiast named **Dan Ellerman** donated a **1963 Mercury Comet**

to the Foundation. We took ownership of the car just a few days ago. It will be reassembled over at **Ron's Rods** and once it's deemed safe and road able, we will be offering it for sale through **Kurzmann Auto Brokerage**. Keep an eye on social media for your opportunity to help us with the car. We will be encouraging local rodders, along with area young folks to help us with the reassembly process.

In some other news, we have put together an opportunity for folks to get together over the winter time. Join us at **Wegmans** in Abingdon, Md. on Wednesday nights for a very informal get together. The market offers you plenty of choices for your dining pleasure and the adjacent dining room gives us room to spread out and enjoy the visit. It's all on your dime, but join us for a little camaraderie and if the weather is good, you most certainly can bring your Hot Rod from 5-8 pm though March.

I know that we're looking forward to warmer weather, but as always.... I'll see you on the return road!

John Findley

Feb 25, 1954 – July 7, 2023

The Car Kruise community has lost another friend this summer. **John Findley** passed over to be with his Lord on July 7th, 2023, and will be kruisein' forever at the ultimate Drive-In. John was a gentle giant who never met a stranger, and was a friend to everyone he met along the way. He loved '66 Fords, and was an avid drag race supporter, and crew chief for **Jeff Kidd Racing**. And supported his brother **Skip** in circle track racing.

John enjoyed Bluegrass Music right up to his passing. He worked for a time in the early days for Genstar driving 10 wheelers, but in recent years he worked for **C&P Autobody**, doing kustom auto body repairs and painting.

In 2009, John founded **RATTLE CAN GARAGE** in Cardiff Md., where he enjoyed kustom car painting and bodywork for "The Little Guy". He also worked at and supported **The Green Barn Rod Shop with Ron Kiethley**. John was also a big supporter of the Hot Rod and Kustom world, and frequented as many shows and events as time would allow. John also loved playing Santa every Christmas for his friend's kids, and will be sorely missed this year, but his Spirit will live on in many a child's heart. John is one of the last of his generation that built his cars and supported everyone he could to help get their rides completed on their budget. John's smile and friendship will be missed by his love and companion, Nancy his sisters Winnie and Mary and brother-in law Jeff, his brother Skip and his Pops, along with the many other friends and loved ones he touched along his journey.

Timonium Indoor Nationals Motorcycle Show

Cruise Guide Cycles

A special section in this magazine and web page will begin in 2024 to promote **Motorcycle Shows**

We will list area Cycle Shows and have advertising opportunities to support the section

**For more info, contact
Dave 410-937-6866/
dave@carcruiseguide.com**

This will be a work in progress, so we are going to need help from the motorcycle community. Since so many classic car owners also ride bikes, this new section is a perfect complement to our car show publication. To offer this additional service to our readers, we will need help with show listings and getting some shots of some show bikes.

Reader's Rides

Dave Portas' 1966 Chevrolet Chevelle 427 SS

My family and I have always been involved with vehicles...for fun and for a living. I have a car repair shop, always busy but, this is not about me. It's about my ride that I bought from Harrell Motors in Sherman, Texas in 2011. A 1966 Chevrolet Chevelle Super Sport. I had a couple of Chevelles in the past but never a big block super sport. When I got the car it had a wiped cam and a bad rear. I pulled the 427 ci engine and had

it rebuilt, using a Lunati cam and roller rockers. I change the 4:11 rear to a 3:55 to make it more drivable on the highway. Later I installed front disc brakes, added power steering, Edelbrock intake and a 750 quick fuel carb. I touched up the interior by replacing the carpet, console, clock and knee knocker tach. I replaced all the gauges, temp control head, stereo and door panels. I also spent a lot of time fixing or up dating the wiring under the dash. In 2020 I had the car repainted and replaced all the glass. The wife has a '71 Mustang 351 Mach 1. We enjoy time spent with one other, with friends going to car shows and competing for the best rides.

Have a Car or Truck with an interesting story? Or some cool old photos?
Why not share it with our readers and see it printed in the magazine!
