### Happy Anniversary, Car Nuts

As we roll into the 2024 car show season, there are a couple of announcements we need to make. The

**Custom & Classic Car Educational Foundation** is celebrating its 10th year since inception and the **Car Show & Cruise Guide** is now in its 15th year. Both are big milestones; one for car nuts to get their show information, and the other for having an organization dedicated to helping to save your favorite hobby.

We have a big section in this issue that revisits the foundation's successes, and I figured that most of you know what this magazine is all about already.

This edition has several pages of show listings, and the **Cruise Night** page is back, and will now be known as **Cruise Nights and Cars & Coffees**. A quick reminder; shows are updated on our site weekly during theseason, visit us at [www.Car-CruiseGuide.com](http://www.Car-CruiseGuide.com) to find out what's happening each week. Events are listed for **FREE** in this magazine; all you have to do is email a copy of your flyer, or type up a listing and send to: [Dave@CarCruiseGuide.com](mailto:Dave@CarCruiseGuide.com). Be sure to include a contact phone number. If your show is not on our site, it is your fault for not taking the time to send it in. And if you post in one of our Facebook groups, that doesn't mean it will be in the magazine.... an email ensures that it makes it in folks. Remember, the Cruise Guide is your best source to

find events in Maryland, Northern Delaware and Southern Pa.

Part of our mission statement is to help promote events that donate to a non-profit.

*The first August / September 2011  
cover of the Car Show & Cruise Guide*

We have some large events posted in the magazine that are for profit, and we appreciate that they do spend money to help support the publication. Most do donate to a charity. Well over 95% of the listings are for smaller events that help out church missions, pet rescues, cancer research and even scholarships. We try to list what charity each one supports.

Over the 15 years of doing this, millions and millions of dollars have been collected and donated to a charity from show promoters. Please do yourself a favor and ask where the money is going the next time you go to one of these smaller events. Chances are it is going towards a good cause, and not in the promoter's pocket. It gives you a good feeling to know that you've spent your hard earned money to register your vehicle

at an event, when you know that the funds are going to a good cause or charity. If this information is not known, ask the promoter where the funds are going, and how much the donated from the last event.

Just for the record at the one event I help out with; **Coop-town Car Show**, we typically we collect around **\$4000**, and after expenses the **\$3000** balance is immediately put into the **Church Mission's Fund**. This helps local people in need.

I do thank you or supporting this show through the years. We are having our **20th Anniversary Show** this year and hope you will stop out on **June 15th** to celebrate with us.

## Foundation Update

by Doug Wood

Well gang, from where I'm sitting outside on my patio... It looks like that rodent up in Pennsylvania may have gotten the weather forecast right! Today it is 65° and they're predicting mid 70s by the end of the week. Let's hope this sticks around!!

There is some big news to share with you guys on several fronts. First, we have partnered with the folks up at Big Truck Farm Brewery in Parkton, where we will now hold our spring and fall car shows. In addition to that, we will hold a cruise night on the second Thursday of each month there. Take a look in this magazine for details on both.

The 63 Comet that Dan Ellerman donated to the foundation has been taken to Ron's Rods in Kingsville. It will be one of the projects worked on during his Metal Meet on the last weekend of April! We strongly encourage each of you to invite young folks to join us at Ron's where we will put tools in their hands and show them what to do! Folks who are interested in lending a hand with getting the Comet back on the road and safe to drive and subsequently sell should contact me, Dave or Ron.

*The Cruise Guide is a Sponsor of the Foundation*

We also had a very generous donation from John and Lynn Horn. They donated several toolboxes that we will use to customize and raffle off. They also donated a large roll around cabinet full of tools, which has been sold to a collector on the eastern shore. In addition, they sold a beautiful 1994 Mercury Cougar XR-7 to us for a very reasonable sum. It too, needs a little bit of work, but we will get it running and sell it to replenish our bank account, and hopefully with a considerable profit! If you have a vehicle you would like to donate, please contact. 100% of the net proceeds go to our educational assistance program.

We here at the CCCEF have been working very hard during the off-season. You will notice some changes in our car show, and as I've noted above our donors have stepped up to help make our organization

more of a success than it has been. This year marks our unofficial 10 year anniversary, so you can expect more good things from us in the near future!

I'll see you on the return road... **Doug**

## The Custom & Classic Car Educational Foundation

# ***Our Mission***

*by Doug Wood*

Hello everyone! Let me first thank you for reading through the pages of this magazine and finding this editorial. Secondly, I'd like to welcome you to **Cruisin Ocean City**, Maryland!

If you are new to this publication, it serves the general Mid-Atlantic region. It is chock full of photos from recent events, and if you look towards the back of the magazine, you'll see complete listings of upcoming car cruises, and shows all around the area. It has been a useful tool to cruisers for coming up on 15 years now!

I represent a nonprofit, called the **Custom and Classic Car Educational Foundation**. Once again, many of you readers may know about us, but I presume there is an enormous number of new readers that have no idea who and what we are. Let me tell you all a story that actually started 10 years ago.

Back in February 2014 at a gathering of clubs for breakfast, **Dave Bielecki**, the editor of this magazine, and I held an informal survey of rodders in the room. We determined that the average age of the folks in the room was **57**. It was at that point that Dave and I had confirmed what he and I had discussed many times before. There were simply too few young people getting involved in our hobby/sport.

*Establishment of the Foundation at the 2014 All-Clubs Breakfast at William Watters Church, Forest Hill MD.  
Left to right, Paul Hutchins, Mike Robinson, Sean Grimm, Fred Ritzmann, Tom Pattan, Diane Pattan,  
MD State Representative Wayne Norman, Dave Bielecki, Doug Wood.*

To that end, he and I, along with a couple of other volunteers started doing the legwork to establish this Foundation as a **501 C3 charitable organization** with the sole purpose of getting young people involved in the

sport of hot rods and custom cars and to offer them assistance with their education where it involves automobiles. Through car cruises, shows, and other forms of fundraisers we have raised over **\$50,000** and have awarded just over **\$30,000** of that to deserving young people.

## Our Training Scholarships

Early in our existence, we partnered with **McPherson College** out in Kansas. We would select an individual and send them to the mini session that McPherson holds in the spring. The individual would get to choose their discipline: engine building, bodywork, interiors, metal shaping, or choose from a couple of others. We would pay their airfare, tuition, and also pay for their room and board as well as meals. This allowed the student to find out in real time whether that was the appropriate choice for them. One of the individuals that won this grant actually went on to attend McPherson for four years and graduated with his degree! His name is **Bill Bandy**... Some of the folks selected for our educational assistance fund were not necessarily interested in college. They asked if they could go to a trade school or workshop / seminar.

## CCCEF - Our Mission

**Cole  
Slicher**

**Cole Slicher** requested to attend a Gene Winfield metal shaping workshop. We decided that fit within our mission statement and sent him along.

**Jake Maguire** decided that he wanted to go to a welding school. That too worked within our guidelines, so we sent him to **Earlbeck Gas and Technologies** for their welding classes.

**Donated trailer award presentation at the Indoor Nationals 2023.**

Most recently, we partnered with the folks at **Motorama Productions** and awarded an 8x20 enclosed trailer to **York County School of Technology** that will be used exclusively by their **Hot Rodders of Tomorrow** program. That is a group of students that participate in engine building competitions around the country. I should note that they have two teams, and both of them finished in the top five in the country.

Aside from car shows and cruises, we also depend on contributions from clubs, individuals and groups in the area. Aside from monetary donations, we recently received a **1963 Mercury Comet**. This extraordinary gift was donated by a gentleman by the name of **Dan Ellerman**.

## CCCEF - Our Mission

The car had been running and driving until they ran into some engine problems. The car came to us with a freshly rebuilt engine that had been set in the engine compartment, but the rest of the car needs to be reassembled and made complete. Our plan is to use it as a tool to involve young people in the area to reassemble the car and to make it safe and streetable. We will begin that process at **Ron's Rods in Kingsville Maryland** on the last weekend of April. Once that is done, we will tag, title, insure then drive the car to showcase the work of the young folks involved.

I hope that any of you reading this will join us in our endeavor to get more young folks involved in our hobby/sport. Your personal donation, the support of your club through donations and sharing our message is all we ask!!!

Thanks again for reading,

## Memorial Day Car Cruise for Bill Ross! May 26 at 12 pm

Come out on **Sunday May 26th** and let's go on a cruise for **Bill Ross**. For the past several months he has been hospitalized and is in rehab at this point. He plans to finish his recovery at home. His greatest wish is to get the keys and cruise again in his 57 Chevy. So let's meet at **Midway Shopping Center 4719 Kirkwood Hwy Wilmington, DE. at 12 noon**. Then we will take a cruise past Bill's house to show our support for him. We will return to the lot, unless Bill is able to go for a ride with us. The rain date is **Monday, May 27**.

One of Bill's favorite things to do on Memorial Day Weekend was to be on turn two at **Indianapolis 500**. He had many famous shots of the race, sometimes contributing them to Sports Illustrated. Locally, his photos graced the **Car Show & Cruise Guide** for 15 seasons. We hope his many friends from **Pats Pizza, the Hagerty Show, Tri Saw Productions, Cecil County Drags, On the Street, Car Shows for Non Profits** and the **Cruise Guide** will attend and show Bill how much we appreciated his work through the years. Let's make the Memorial Day Cruise a memorable one for Bill. For more info contact one of his many freinds.

**This will be a work in progress, so we are going to need  
 help from the motorcycle community. Since so many classic  
 car owners also ride bikes, this new section is a perfect  
 complement to our car show publication. To offer this addi-  
 tional service to our readers, we will need help with show  
 listings and getting some shots of some show bikes.**

# Reader's Rides

## Brian Sokolow's 1970 Mach-1 Mustang

My 1970 Mustang convertible was purchased from a private owner out of the Baltimore Sun classifieds in 1982 on a nonsensical impulse. Forty-one years later, we're still together. Through the years the car has had numerous restorative fixes, including structure, sheet metal and drivetrain. I tracked down the original owner, who explained that he purchased the Mustang from Schmidt Ford on Reisterstown Rd in the dead of winter, ALSO on an impulse!

This convertible was special-ordered from the factory as a Mach 1-style equivalent, complete with 351 Cleveland V-8, Shaker Hood Scoop w/Stripe, Mach 1 Deluxe Interior, Competition Suspension, Wide Oval Tires and Styled Steel Wheels. Only a handful of these gems were ever built. Sadly, this man passed away in May 2022, and the family invited my/his Mustang to join the funeral procession to the cemetery for his interment. It was "our" honor.
