### Endings

The end of summer is closing in on us with this August/September issue. I won't comment on the weather this time except to say my favorite time of the year has always been the fall, I am surely looking forward to it.

In Doug Woods' column this issue, he laments about losing so many friends in the Drag Racing community lately. He wishes he had a chance to say a few more words to them before their passing. I wholeheartedly agree with that. We lost a great friend of this magazine, Bill Ross, in May. I was able to talk with him frequently during his illness, and caught up with him one day before his passing. Please do yourself a favor and spend some time talking with your friends at the next show or cruise.

The cover shot is of Bill Ross' 1957 Chevy, taken at the Hagley Museum show. It is always a great show and I promise you will see cars that you've never seen before. Bill was on the Hagley show committee for years. It is a great example of how to properly put on an event. Another show I must recognize is the LCBC Church in Manheim, Pa. They had over 1500 cars this year, and everything went on without

a hitch. Having helped with the Cooptown show for 20 years, I know personally how attention to details makes all the difference. Now that I have retired from my Cooptown duties, I am looking forward to seeing how the new group Passion 4 Pavement runs it next year.

Besides for complaints about the rain-outs and the heat this year, for some reason I noticed more folks complaining about how the shows are run and judged. With the exception of a couple of events this year where the complaints were justified, there is no reason for the rest of them. Volunteers spend hours putting together a show for your enjoyment. How about next time offering up a few compliments, and if you can do it better, how about helping out next time? Remember, most of the events give thousands of dollars to some great charitable organizations. Let's all attend the fall events and appreciate everyone's efforts in making your favorite past time a good one. As the end of the season draws near, take a look at the show listings, and make plans to attend as many events as you can.

**Happy endings to the summer of 2024,**

# Foundation Update

by Doug Wood

Well gang, it's time to get it in gear for a couple of events that the CCCEF has planned in upcoming months. First is the Real Man's Yard Sale, held up at the markets at Shrewsbury on August 17, 2024. This is a rain or shine event, and you can register by finding an application in the June/July issue of the Car Show and Cruise Guide or by printing one from our webpage savethehobby.org. Bear in mind that we will be policing space usage, so be sure you purchase a site that is suitable for what you have to sell and your vehicle, if you choose to leave it on your spot. Second, our fall car show that will be held at Big Truck Farm Brewery up in Parkton, Maryland on September 14. Keep an eye out for registration information both on social media and our webpage as well as this magazine.

Now for a little pontification... Some people may get it and others may not, but as a very good friend of mine has reminded me and my closest friends we are in the fourth quarter of our life in football speak.

Now is not the time shy away from doing those things that you've always wanted to do, or spending time with people in

your life that matter to you. I found out this weekend. A couple of my friends close friends passed away unexpectedly with some words that were unsaid. Try not to be that person! We, and by that I mean the large majority of our readers, are the door to our hobbies' continued existence. It is entirely up to us to reach out to younger folks to give them the key. For our younger readers, take the time to get close to your elders in this sport... We are a wealth of information. If you happen to be a young person participating in this sport, you have the distinct advantage of befriending some of your elder friends to better your understanding of our hobby and cars in general. Learn to listen to our conversations so that you can glean whatever history might be tossed around during those conversations. It won't be a wasted effort! Don't waste the opportunity. As it has been said by many, tomorrow is never guaranteed so make the absolute most of today.

I'll see you on the return road... Doug

 Doug 410-456-2227 or Dave 410-937-6866

We also host the **Real Man's Yard Sale** on the **Markets at Shrewsbury** property. This swap meet has become an area staple with great automotive finds, without having to worry about anything that is not garage related (we specifically prohibit, crafts, clothing, and other non-garage related items). Again, check this magazine for more information and you can find registration materials at our website.

**Save the date, August 17th.**  
**Savethehobby.org**

**THE CCCEF NEEDS YOU...**

....To come to our events this year. We have partnered with

the Big Truck Farm Brewery in Parkton, Maryland for our cruise nights on the second Thursday of each month beginning in May. We will also be having our large car shows there as well... They are May 11 and September 14. This is an incredible venue with a beautiful setting, outstanding house brewed beers and seltzers, wonderful food trucks, as well as their own kitchen. Check the Car Show and Cruise Guide for more information.

# Remembering Bill Ross

Unfortunately **Bill Ross** passed away in May of this year, just a few days shy of a Cruise we had organized to lift his spirits. He was in and out of the hospital since late last year, and after a long stay in a rehab center, was able to spend his last days at home. I spoke to him on a Monday about the cruise coming up that weekend, and he sounded great. The next day I received the news of his passing. I know how much he wanted to be at the event; at least he knew how much all his friends cared about him.

Bill was an integral part of the **Car Show & Cruise Guide**. His photos graced these pages for 14 years. We were truly lucky to have him. In addition to covering drag racing for years, he was always at the **Indianapolis 500** on turn two every year. Some of his work could be found in **Sports Illustrated** magazine. He often lamented that he lost so many of his friends from the old days. Maybe so, but if you ran into Bill at a show with his camera and his '57 BelAir, you quickly became his new friend. When he sat down to take a break, he would love to talk about all the cars he owned or photographed throughout the years. Bill is survived by his sister, **Louise**, his daughter, **Lisa Ross**, significant other, **Karen Torrance**, Karen's children, **Reta** and **Mike**, and grandchildren **Megan**, **Ashley**, **Katie**, and **Michael**.

# Mustang Stampede

photos by Drew & Anita Hill

Aberdeen, MD

The Mustang Club of MD held their Stampede Car Show on 7/14/24, at a member's new small-business, The Screaming Bean, in Aberdeen, MD. It was a nice show on a scorching hot day. The Screaming Bean is a coffee cafe with many flavors of coffee, tea, fresh pastries and brunch items. There's a children's area with books and toys and a unique atmosphere "WhereCommunity Happens".

## Bud Oettel's 1969 Chevrolet Camaro Z28

Bud bought the car almost five years ago in Minnesota. He and his best friend (Henry) flew out to Minnesota to look at it. On a very cold, 24-degree day! Surprisingly, the car was in great shape for this kind of weather. It was garage kept.

After making the deal, it shipped home in a closed trailer. Arriving on another freezing day at shopping center up the road from my house. His wife and Henry were there to help him

look it over after delivery. Everyone driving past were giving us thumbs up, some stopping by and congratulating me! The delivery driver left the key on and killed the battery, and it took two jump boxes to start it (all good).

The first thing he had to get done was to get the heat working... then start the cleaning process. Then off to Maryland Performance for Brian Van Poppel and Bob to a cam swap. Some other things that MPS did was replace the old automatic transmission with a five speed Tremec transmission (MUCH BETTER), 373 gears, new digital gages, and Vintage A/C.

The Camaro started winning at car shows and doing pretty well all in all. About two years ago he went old school with Cragar wheels, he really liked the look and so did many others.

Recently he had the car stripped and repainted... it was starting to show some rust and the old paint was not very good. Replacement of the grill and some chrome trim during that time as well.

The Camaro is really looking great and is fun to drive (makes you feel young again !!). He and his wife Char really enjoy driving it and taking it to Ocean City Cruisin' at the beach. Also, he would like to say that he has met so many great people and made so many friends since I got involved with the hobby!
