No Crybabies - Just Enjoy the Cars!

Well, it seems like we just can't get rid of the HHH weather conditions, so I'm joining all of you in complaining about it. One of my favorite weekday cruises has been cancelled 4 weeks in a row- crazy!

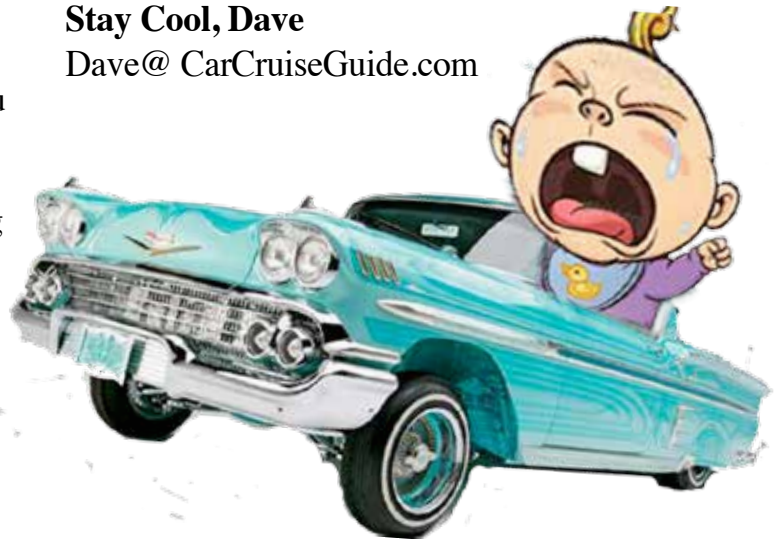

With declining health recently, and market conditions that keep making this publication more expensive to produce, maybe it's time for me to join some of the old grouches I see at some shows that complain about everything from how an event is run to why you didn't win a trophy. I've always done my best to let it go in one ear and out the other all these years, but as I inch closer to 70, I just don't want to hear the gripeing anymore. Hell, you wouldn't believe some comments some guys have made about me and this free publication through the years. I've ignored it and just appreciated all the great comments from the real car guys and gals. But my good nature is running thin, and I can't guarantee my pleasant attitude will continue.

So be careful out there folks!

In the last issue I mentioned I still need help in collecting show listings, and that need continues. I either deliver or mail several bundles of these magazines to friends and clubs for you to enjoy. How about taking time to email copies of flyers or type up listings of events in your area. Let's all take a little time to help out an old grouch in keeping your favorite FREE publication going. And, if a younger enthusiast wants to step up and join me, just reach out.

Stay Cool, Dave

Avoiding the Scam

This issue of "For What It's Worth" will hopefully help many of you who are both buying vehicles on the internet (i.e. Facebook Market Place, Craigslist, eBay, Bring a Trailer, various dealerships, etc.) The word is "SCAM".

Over my 23 years of selling cars on the internet it amazes me the different ways 'scammers' are coming up with to steal people's money by misrepresenting vehicles that are for sale.

Let's talk about ways to avoid being scammed when buying a car on the internet. Initially, it's called "Common Sense"....."If it sounds or reads like it's too good to be true, then it is!!" Example: "I am in the military and stationed in ____ town in the USA. I am originally from _____ town in the USA and my 1956 Chevrolet is in my parents' garage. I need to sell the car fast because I am being shipped out in several days, so please call me and I will give you the address to pick it up once the money is received in my account. I only accept wire transfers. No cash".....Believe it or not people have fallen for this scam. Ignore it and move on.

Websites like eBay, Bring a Trailer, or known dealerships like Vanguard Motors are usually safe and there are ways to verify that the seller is real.

For example, eBay has a 'Feedback' system.

Ever notice a group of numbers next to an eBay seller's I.D.? Well, that is the 'Feedback'. If you 'click' those numbers you will see remarks (both good and bad) left by prior buyers and sellers, basically telling you how the sale or purchase went. If the number is '0' or less than 8, I would try and reach out, by phone or email, to verify their legitimacy. If they do not respond or their Feedback shows 'older than a year.' - Stay away!

One of the reasons to use eBay, which many people do not know about, is they guarantee that you receive the car and title (in the condition stated, clear or salvage) or you get your money back. I personally experienced this when selling a 1968 Cadillac which was titled in Maryland. When the new owner, who lived in a different state, titled the car, it came back as a 'salvage' title. The Maryland title showed it was clear when I sold it. The insurance company eBay used bought

the car back at no charge to me (the Seller) and paid the buyer his full amount. The fault was with Maryland's Department of Motor Vehicles.

Another way to protect yourself is to send a 'Third Party' inspector like Lemon Squad, R8TR, or even a Classic Car Appraiser to look at the vehicle.

If there is any

hesitation by the seller to show the car or the third party cannot reach them by phone, you know it's a scam. Even if it is not a scam and you want another party to look at the car, it may be worth the \$300 or \$400 dollars to have a complete report on the vehicle.

Finally, the easiest way to verify if the ad is "real", is to go and see the vehicle for yourself. I have found everyone has a different meaning for the words "Excellent Condition" and it can range from a running and driving vehicle to one that can only run if it's going downhill with a sail attached.

Happy Motoring!! - J.D.

Foundation Update

by Doug Wood

Heat, rain... That's all I've got to say about that!

Recent occurrences in my life, and I'm sure your lives, makes us aware of how much we need to roll with the punches. We make plans and something occurs that makes it difficult to bring those plans to fruition. And in almost every case that I can think of, we can rely on our family and friends to get the job done. It's most important that we're not afraid to ask others to step up when need be. This is something that you don't want to do habitually, but when there's a need that arises, in almost every case, the folks that are closest to the situation and you will come through to get you to the finish line. Enough preaching for now...lol!!!

The most recent recipient of our Educational Assistance Fund, Michael Taylor, attended the spring mini session at McPherson College a short time ago. We posted some pictures on our Facebook feed. Hopefully you were able to enjoy some of them. He has written us an essay discussing his time out there and we will publish it in our Facebook page also. Many thanks to all of you that continue to donate to make this possible.

Not too long after this magazine hits the streets, our Real

The Cruise Guide is a Sponsor of the Foundation

Man's Yard Sale will be upon us. The actual sale takes place on Saturday, August 9 up at the Markets at Shrewsbury from 8 to 2. You can also register the morning of the event, but we encourage folks to pre-register.

Our fall fundraising car show will follow in September on the 20th. That event is being held at Big Truck Farm and Brewery up in Parkton, Maryland. You will find more information about that in this magazine. Also, you can go to our website savethehobby.org for more information.

I along with all of the CCCEF family are looking forward to seeing you at each of our upcoming events!

Joe Duley 1955-2025

Sadly, on June 25, we lost our old cruizen' buddy, Joe Duley, 70. Rosina & I cruised with Joe and the Southern Maryland Street Rod Club in the '70s, to many Rod Runs and cruise nites, up to 2024. Joe was extremely active in the great world of Street Rods with his orange '39 Chevy sedan. His '39 probably has 300,000 fun miles going to many States and Canada.

Joe is now cruzin' in the BIG SKY, looking down with his nice smile, saying "I think this year I will cruise the '39 to a Canadian Rod Run again!"

The 21st Annual Cooptown Car Show on 6/14/25 was hosted by Passion 4 Pavement Car Club. They did a great job of keeping the special tradition of this show moving forward. Great music, food trucks, vendors and a swap meet were added this year and were well enjoyed. A special Memorial award was presented to Kyle Hash, in memory of Paul Ciampaglio. Paul was always at the Cooptown Show with Kyle and the burgandy VW Beetle. Passion 4 Pavement made two presentations. The first was a metal gift for Dave Bielecki of license plates welded together to say "21st Cooptown Car Show". The 2nd was a presentation to the Save the Hobby Foundation, of a check for \$2000 to support the Harford Vo-Tech Automotive Program. The unique trophies, presented to the participants of the show, were all handmade by David Sawyer. We're happy to see that the tradition of the Cooptown Car Show will remain one of the best shows around.

Mustang Stampede

photos by Anita Hill

The 2nd Annual Mustang Stampede Car Show at the Greene Turtle in Owings Mills was a lot of fun on 7/12/25. This year's show was open to all Fords, which made for a more diverse group of vehicles. Great food, music, raffles, 50/50, shirts, trophies, and an EXHAUST VOLUME COMPETITION made for a great day!

COOK's Gear Head Gala

*photos by
Drew & Anita Hill*

Cook Auto & Harford County Mopars 4th Annual Gearhead Gala on 5/31/25 was lots of fun until a cloud decided there were too many nice cars on the lot. DJ Dan and good food made drying cars off a full lot event of it's own. When the sun came out, so did lots of trophies. Proceeds from the show go to the Aberdeen VFD.

Reader's Rides

Harvey Jacob's '73 Mustang Convertible

I have had this car since 1985, and my wife and I went on our honeymoon with it in 1987.

Convertibles have always been known to command more value, so I was determined to keep it and make it nice one day. There were only just shy of 12,000 examples made, and it's the last "real" Mustang before the introduction of the Mustang II in '74.

The '69 and '70 get all the attention, but I'm glad the later ones are now getting the attention they deserve.

It was a driving, work-in progress for awhile, and, as usual, life got in the way and the car was in

various stages of disrepair. It has been garaged, so I figured my old friend could afford to be put off for a while.

Originally a 302 automatic car, in 1996 I found a '74 351 cu. in. from a Georgia police car with low miles. It is the Q-Code 4-barrel, 266 HP. The transmission is now a 5-speed.

Around the same time, I found another, better dash and wire harness at a swap meet, and when the reproduction interiors became available, most of it was replaced, and added a GT steering wheel.

Don Loren repainted the car in 2022 in the original "Bright" Red, and I found some reproduction "Magnum 500" factory option spoke style wheels, 17-inchers made by Scott Drake.
